PRINCIPAL'S MESSAGE

Dear Students and Parents:

Welcome to Ivanna Eudora Kean High School (IEKHS), home of the Dynamite Rays. IEKHS is a comprehensive high school that is fully accredited by Middle States Association/Commission on Secondary Schools. Our motto is, "Strive for Success". We anticipate success for all our students. This will be easily attained with cooperative working relationships with all stakeholders, students, parents, staff and the community. It is my sincere hope that your years at IEKHS, as a student, parent, or supporter, will be rewarding as we join together in assuming responsibility for students' success.

This handbook is prepared as a guide for students and parents. It outlines expectations and policies of the school as well as the privileges and responsibilities of students as they take advantage of the valuable educational opportunities available at IEKHS. Please read this handbook carefully as it serves as a reference and purposeful guide.

At IEKHS, we seek daily to carry out the mission of our school, which is to emphasize varied curricula choices, and teaching methodologies in order to prepare all students to be life-long learners, entering schools of higher learning and the global market. At IEKHS, we commit to educating all students.

We understand that students have varying abilities and backgrounds. Our response is to provide opportunities for all students to learn and reach high levels of achievement. Thus, we strive to create a climate of success for all students and endeavor to provide the necessary supports and valuable 21st century learning experiences as we stretch our students to succeed.

At IEKHS, we will continue to implement research based practices that contribute to student success. We have embraced the need for the rigor, relevance and literacy across all content areas as we attempt to improve overall student achievement. Teachers are prepared to employ a variety of teaching strategies to keep students actively engaged in learning as they strive to meet standards established by the Department of Education and

the Board of Education. Students and parents must also do their part to ensure success. Students, we need you to do your part: **Attend school regularly; be prepared, work hard, respect self and others.** These are the essentials to demonstrate your commitment to success.

Ivanna Eudora Kean High School

In 1971, The Nazareth Bay Secondary School opened its doors with both junior high and senior high school students. With the construction of Bertha C. Boschulte Junior High School, Nazareth Bay School became a Senior High School with the first graduation being held in 1973. Bill No.. 6322; Act No. 3656 was passed in 1975 to rename the school "Ivanna Eudora Kean High School" in honor of Miss Ivanna Eudora Kean, who served the Virgin Islands for 52 years as an educator. IEKHS is currently a comprehensive, coeducational, public school serving a diverse student body in grades 9 through 12 on the island of St. Thomas, United States Virgin Islands.

MISSION

Our mission is to emphasize varied curricula choices, and teaching methodologies in order to prepare all students to be life-long learners, entering schools of higher learning and the global market.

SCHOOL POLICIES, RULES AND REGULATIONS

All highly organized democratic societies have laws and/or rules that are necessary for the best interest of the majority. All students should understand that it is necessary to have regulations to prevent disorder and confusion. At this institution of learning, we emphasize structure and stress discipline as a means of preparing our students for responsible citizenship.

The following are the most important rules, regulations, and practices at Ivanna Eudora Kean High School. They are consistent with the VI Board of Education's Student Discipline Policy. All students are expected to know, respect, and obey them. Disciplinary action will be taken against any student who displays disobedience, disrespectful behavior, defiance of authority, criminal behavior, or misconduct of any kind.

(These rules, regulations, and practices are given by topic listed alphabetically.)

ARSON

Possession of any kind of incendiary device, including lighters, matches, firecrackers, etc. will result in suspension. The willful and malicious burning of or attempt to burn or destroy school property, contents in or on the school property or personal property of others will result in a mandatory ten day suspension from school with recommendation for dismissal and/or referral to law enforcement authorities.

ASSAULT (Also see FIGHTING)

Physical assault on teachers or other staff members will result in automatic dismissal. Threatening a staff member's person or property will result in suspension for not less than ten (10) days, a possible recommendation for dismissal, and/or referral to law enforcement authorities.

ASSEMBLIES

Students must attend all duly recognized school sponsored assemblies when called. Proper attire and conduct are required. When applicable, students must sit with their respective classroom or homeroom teachers. At all times, students must wait to be dismissed before leaving any assembly or program.

ATTENDANCE

Students must attend classes every day and be on time. Regular attendance is necessary for success. Under the block schedule, missing one day is tantamount to missing two days. Students will not receive course credit if absences are excessive.

Each time a student is absent, he/she must present the teacher with an official school pass (within 24 hours of returning to school). If the pass is not obtained before 7:40 a.m., the student may leave the note at

the attendance counselor's office and pick up the pass later in the day. If the student does not submit a pass, the absence will be considered unexcused and the student will receive a zero for any graded assignment given. To receive an excused pass after an absence, the student must present a letter written and signed by a parent or guardian with whom he/she resides stating the reason for the absence, the length of time the student was absent, his/her full name and home room, and telephone numbers where the parent/guardian can be contacted.

Absences shall be excused only for the following reasons: (1) personal illness, (2) bereavement, (3) family emergencies (4) observance of religious holidays, (5) medical appointments. Proof may be required.

If a student is to be absent for 2 or more consecutive days, the student or his parent/guardian must notify the attendance counselor immediately. If the student is absent for 3 or more consecutive days for reason of illness, a doctor's note is required to receive a school pass. The doctor's note must first be presented to the school nurse for her information and verification; she will then issue a nurse's pass to be taken to the attendance counselor. Parents may be required to visit the school to confirm reasons for absences of 3 days or more.

Excessive unexcused absences may result in a referral to an outside agency or in a recommendation for dismissal from this institution.

Students have exactly five (5) minutes to get from one class to another and must move promptly from one class to the other. There is to be no sitting nor standing in the halls between class periods. Students must be in their classes by the second bell.

Five (5) days of unexcused tardiness will be equivalent to one unexcused absence. Students who cut classes or have excessive excused or unexcused absences or tardiness will be referred to the grade level principal and face consequences which can include referral to a community agency, detention, suspension, or recommendation to attend another educational program setting. Forging a signature to receive a pass or altering a pass will result in suspension.

Please also note that absenteeism affects your ability to participate in **Summer School**. Students with eight (8) or more unexcused absences will not be allowed to enroll in Summer School.

PARENTAL RESPONSIBILITY: EXCUSE FOR ABSENCE

According to 14 Virgin Islands Code §82-89 and §1941:

- Parents and guardians shall be held responsible for the regular and punctual attendance of children at school in clean and decent apparel.
- The absence or tardiness of children may be excused for reasons acceptable to principals or teachers. Teachers, principals, attendance officers, or other school officials may require that the reasons given as the cause for absence be substantiated by statements of a physician, dentist, nurse, or any other authoritatively informed person before the absence or tardiness is excused.

It is the student's responsibility to make up work missed within five (5) school days upon return from an excused absence. Students are urged to form "study groups" to help each other keep up with assignments in the event of unexpected absences. ***Unexcused absences will negatively affect overall averages each quarter.***

During course advisement with counselors, students must then select the courses offered in their chosen path. Students may choose career paths in business; any of the career and technical education pathways, the sciences, math, music, art, the language arts, social sciences, etc. This information is provided to students and parents and is available in all guidance counselors' offices.

CHEATING

Cheating on any work assigned for a class is considered a serious offense which will result in a zero for that assignment and/or suspension. Plagiarism shall be dealt with in a similar manner. Both offenses may result in a student's removal from the Honor Society.

CLOSED CAMPUS

*IEKHS has a Closed Campus Policy. This means that students are not allowed to leave the campus once they arrive on campus; unless permitted to do so by a school administrator. Students who have to leave the campus for any reason must have parents/legal guardians notify the school administration in writing. **When parents/guardians arrive to pick up students during the school day, they must stop by the gates and make contact with the monitor. The monitor will then inform the main office. Parents/guardian will then go to the main office and sign students out on the appropriate log.***

STUDENTS FOUND OFF CAMPUS WITHOUT PERMISSION DURING THE SCHOOL DAY WILL FACE SUSPENSION. Students who trespass on other school campuses will also face disciplinary action.

COMMUNITY SERVICE

Students are required to complete a minimum of **25 hours of community service** each year. This is volunteer service done with approval and without compensation. Students need **100 hours of service** by end of their senior year in order to participate in the graduation ceremony.

To receive recorded credit, students must submit written verification of the community service performed to the guidance counselor. This should include a letter on the official letterhead from the recipients of the service indicating the dates and number of hours of service, as well as the duties completed. Appropriate signatures are required for verification purposes. Attempts must be made to lend assistance in a variety of ways. To be validated for credit as community service, all community service projects be completed during a student's non-instructional time and that no compensation be awarded.

1. Community service hours **MAY NOT** be performed for a student's family member or a for-profit organization, except for hospitals and/or veterinary clinics. Non-profit organizations are organizations that do not receive profits, or revenue, for the services that they provide.
2. Fundraising, except for non-profit charities, do not count for community service.
3. Services rendered for any kind of disciplinary action do not count for community service.

COUNSELORS

Each student is assigned a guidance counselor based on his or her grade level. Every student must become familiar with his/her counselor. Counselors are available to assist students with academic as well as personal concerns. They also make referrals for special services. Students must make scheduled visits to their counselors throughout the school year for record evaluation and course advisement. These are important duties that counselors perform with students individually. Failure to see counselors when scheduled for record evaluations and course advisement can jeopardize students' standing in the school and their chance to graduate on time. Parents may also request assistance from guidance counselors on matters affecting student success.

COURSES

Students in all grades are expected to take and pass all courses each semester. These should include required courses as well as electives. Students must select courses based on their chosen career path.

80 - 82 = B-	77 - 79 = C+	73 - 76 = C	70 - 72 = C-
0 - 69 = F			

Parents should occasionally contact teachers and counselors by phone or email to inquire about children's academic progress, attendance, strengths, weaknesses and areas for improvement. Meetings should be scheduled during preparation periods so that teachers are able provide adequate time for discussing students' progress.

GRADUATION EXIT PLAN

Each student entering ninth grade must complete a Graduation Exit Plan which is discussed and signed by the parent/guardian and student at the end of the first semester on a yearly basis. Each ninth grader will meet with a guidance counselor to establish career objectives leading to a high school graduation exit plan.

The counselor, student and the parent/guardian are expected to sign off on a plan by the end of the first semester. A discussion of plans should provide options, to include but not limited to: career pathways, early admissions, credit recovery and approved online opportunities.
