

Specialist SEND Support for Schools & SENCOs

Supporting Inclusion.
Improving Outcomes.
Empowering Pupils.

CareforSpecialNeeds (CFSN) partners with schools across London to provide specialist SEND support for children and young people with autism, ADHD, developmental delays, learning disabilities, and complex behavioural needs.

Our experienced team works alongside SENCOs, teachers, and school leaders to help pupils access learning, develop independence, improve communication, and achieve meaningful educational outcomes.

Every child.
Every potential.
Every day.

- Specialist Support
- Practical Solutions
- Positive Outcomes
- Stronger Futures

02 WHO WE SUPPORT

We work with pupils who:

- Have Autism Spectrum Disorder (ASD)
- Have ADHD
- Have communication and interaction needs
- Present with behaviours that challenge
- Require intensive 1:1 support
- Are at risk of exclusion or placement breakdown
- Need support accessing mainstream education
- Require assistance transitioning between educational settings

Our support can be delivered within:

- Mainstream schools
- Specialist settings
- Alternative provision
- Community environments

Inclusion

Progress

Independence

Empowerment

03 OUR SERVICES FOR SCHOOLS

Specialist 1:1 SEND Support

Dedicated support staff who help pupils engage with learning, follow routines, develop independence, and access the curriculum successfully.

Autism Support Programmes

Individualised programmes focused on communication, social skills, independence, emotional regulation, and educational participation.

Learning Support Assistants (LSAs)

Experienced SEND LSAs who work alongside teaching staff to support pupils with additional needs.

School-Based Behaviour Specialists

Specialist staff who support pupils presenting with complex behavioural needs and assist schools in implementing effective strategies.

Behaviour Support

Practical strategies and interventions designed to reduce barriers to learning and improve pupil engagement.

Staff Training and Consultation

Advice, guidance, and training for school staff to promote consistency and confidence when supporting pupils with SEND.

04 WHY SCHOOLS CHOOSE US

More Than Staffing

Unlike many agencies, we do not simply place staff within schools. Our support is backed by professional oversight, regular supervision, and outcome monitoring to ensure pupils receive consistent, high-quality support.

Specialist Expertise

Our team has extensive experience supporting children with autism, ADHD, developmental delays, and complex behavioural needs.

Flexible Provision

Support can be provided on a short-term, long-term, part-time, or full-time basis depending on the needs of the pupil and school.

Safeguarding and Compliance

All staff are Enhanced DBS checked and receive ongoing training and supervision.

Outcome-Focused Approach

We work collaboratively with schools to support EHCP outcomes, educational engagement, communication development, independence, and inclusion.

05 HOW WE HELP SCHOOLS

Our support helps schools:

- Improve pupil engagement
- Increase access to learning
- Reduce behaviours that impact learning
- Support successful inclusion
- Improve attendance and participation
- Increase independence
- Support EHCP outcomes
- Reduce the risk of placement breakdown
- Build staff confidence through collaborative working

OUR APPROACH

Step 1 Initial Consultation

We meet with the school to understand the pupil's needs, current challenges, and desired outcomes.

Step 2 Assessment and Planning

Where appropriate, our specialist team reviews available information and develops a support plan.

Step 3 Delivery of Support

Dedicated staff provide structured support within the school environment.

Step 4 Ongoing Review

Progress is monitored regularly, and strategies are adapted as required to ensure positive outcomes.

06 WHY PARTNER WITH US?

We understand the pressures faced by SENCOs and school leaders.

Our goal is to become a trusted partner that schools can rely on when specialist SEND support is required.

By combining specialist expertise, professional oversight, and practical school-based support, we help schools create positive educational experiences for children with additional needs.
