Jesus + Justice = The Revolution

On Saturday November 2, 2019 we meet Deborah Marion, mother of Lorenzen Wright, at her son's Graveside, 1663 Elvis Presley, Calvary Cemetery. At 10a.m. we MARCH to Morris Park for Lunch, (12:33pm) and then charge ahead to 201 Poplar!

Our goal is to create a public outcry for JUSTICE in this case. There were **three** accomplices, but only one has been charged. One is protected by the FBI. The third hitman remains at large. A humanitarian, philanthropist and father, Lorenzen Wright has done far too much for the city of Memphis for us to allow members of the MPD & FBI to continue in covering up details in this case & protecting the men responsible for his death.

- After nine years, Sherra Wright has cut a deal, Kenny Brown, (the 'friend' who drove Lorenzen to his death) is being protected by the FBI & hitman Greg Lewis, has not been apprehended.
- 1st on the scene was MPD Detective Dennis McNeil, whose brother-in-law was indicted with Lorenzen Wright for money laundering.
- In 2012, evidentiary facts - including the **names** of parties involved & the **location** of the murder weapon - were channeled by Abigail the day Lorenzen's body was discovered & repeatedly given to police. Abigail even spoke at length, directly to then Chief, Larry Godwin. 100% of that information has been validated by the family & proven to be accurate.

Sherra Wright-Robinson has been charged with 'Facilitation of Murder' - a fallacy. We will be present at every parole hearing to **ensure** she remains locked up.
