

Navarro County Local Resource Guide **2025**

This resource guide was developed by the Navarro County Early Childhood Coalition during Covid-19 to help our community during those trying times. Since so many in our community continue to struggle, the Corsicana-Navarro County Public Health Department partnered with the Coalition to update our resources. We all strive to assist our community members in navigating and staying informed about resources in their area. We know that organizations across our community are updating, moving, closing and new organizations are coming in, so we have done our best to compile as much accurate information as we can. If you would like to add something to this list or revise a listing, please call Allison Bonner at 903-874-6711 or email allison@navarrohd.org and we will update it once the change has been confirmed. Thank you for sharing this information with your community and network.

Hospice Care

Alinea Family Hospice Care

Hospice generally does not seek a cure but enriches life without hastening or postponing one's end of life transition. We recognize the importance of nurturing the physical, emotional, and spiritual needs of the patient and their families. By focusing on the person's needs, managing the symptoms of a disease, and highlighting quality of life versus length of life we are able to fully enrich their lives and prepare them for the final event of life. Our work is a celebration of life and is designed to provide great support and guidance in making many important decisions involving both the patient and their family.

972-563-1560

Always Accurate Hospice

We provide hospice in Texas with a team-oriented approach, expert medical care, pain management, and emotional and spiritual support expressly tailored to the patient's needs and wishes. We also offer compassionate support for the patient's loved ones every step of the way.

469-376-6763

Bristol Hospice

Hospice care centers around the patient and family. Our goal at Bristol Hospice is to empower you to make your own choices regarding care and assistance. The team serves as your advocate, helping you to access the information and resources you need during this very challenging time. Our hospice team members also serve as teachers, enabling the family to care for their loved one in their setting of choice. Bristol Hospice recognizes that the family and caregivers need an extra measure of support both during and after their experience of caring for a loved one in transition. We are dedicated to the premise that "every patient matters to the last moment of their life."

972-923-2436

Hand in Hand Hospice

Hospice is a specialized approach to care designed to bring comfort and support to individuals facing serious illnesses. At Hand in Hand Hospice, our dedicated team provides comprehensive care that meets the physical, emotional, and spiritual needs of both patients and their loved ones. Our focus is on enhancing quality of life and preserving dignity, offering compassionate support throughout this important phase of care.

903-874-7700

Traditions Health

Our team is passionate about building relationships with our patients and their loved ones. Whether the need is physical, spiritual, or emotional, our compassionate hospice experts are available to provide the necessary support. Comfort and dignity are the anchors of hospice care. Our clinicians are highly skilled at recognizing and managing symptoms early, in most cases allowing the patient to remain comfortable at home throughout the end of their life.
