

Navarro County Local Resource Guide 2024

This resource guide was developed by the Navarro County Early Childhood Coalition during Covid-19 to help our community during those trying times. Since so many in our community continue to struggle, the Corsicana-Navarro County Public Health Department partnered with the Coalition to update our resources. We all strive to assist our community members in navigating and staying informed about resources in their area. We know that organizations across our community are updating, moving, closing and new organizations are coming in, so we've done our best to compile as much accurate information as we can. If you would like to add something to this list or revise a listing, please call Allison Bonner at 903-874-6711 or email abonner@navarrohealth.com and we will update it once the change has been confirmed. Thank you for sharing this information with your community and network.
