Coffee Shop Opening Soon!

From the Course to the Coffee Shop ... Help Strengthen the Lives of Those Who Served

Restore 22 is a veteran-focused nonprofit dedicated to creating connection, purpose, and support for those who have served. Through events, outreach, and our Restore 22 Coffee Shop, we are building a welcoming space where veterans can gather, reconnect, and find encouragement in life after service.

Thanks to the incredible generosity of our supporters, we reached our initial fundraising goal and are now moving forward with opening the coffee shop this summer at 948 4th Avenue in Coraopolis. This milestone reflects the power of people coming together to support those who have served. Now, we're focused on sustaining that impact and continuing to grow what we've started.

We are seeking raffle basket donations for our upcoming Grip It and Rip It Golf Tournament fundraiser. Raffle prizes help create an engaging, high-energy event while generating critical support for our mission. Your contribution, whether big or small, enhances the experience for attendees and directly supports the work we do for veterans. It's also a great way to showcase your business or generosity to a supportive and engaged audience. Every donation helps us build on this momentum and continue making a meaningful difference.

**Please support our mission
by donating a raffle prize for our fundraiser.**
