

LIFE ETHICAL EDUCATION

To create a better citizen, for a better nation.

Paruvaththe Payir Sei Educational Support Service is an organisation started by a group of elite engineers that transforms the younger generation to face the competitive world with much expected zeal and enthusiasm. With expertise in imparting lifeskills, it has developed LEE syllabus, an indigenous methodology through which we teach them the required skills and successfully implement them to the younger buds. PPS own its unique teaching methodology well equipped activity based learning environment with adequate evaluation and analysis. The organisation also have an auxiliary wing which specialize in imparting high edged technical topics to the students and dedicated Faculty Development Programs.

Paruvaththe Payir Sei means "*get equipped with right things at the right time*"

Vision

To bring changes in the younger generations perspective of thinking, understanding, attitude and lifeskill. Thus transforming our nation a better one.

Mission

To enrich and expertise the students all over India with ethical education.

LIFE ETHICAL EDUCATION

creates better citizen, for a better nation.

LEE JUNIOR is a dedicated version of LEE syllabus for targeted grade of 7th and 8th students, thus enhancing their future.

LIFE ETHICAL EDUCATION

creates better citizen, for a better nation.

LEE SENIOR is a dedicated pro-version of LEE syllabus for all higher educational students irrespective of any degree, to lead their life a succesful one.

WHY HAVE WE STARTED PARUVATHTHE PAYIR SEI ?

∞ To the dream we believe in "

We believe in the dream of Dr. A P J Abdul Kalam. Yes, we believe in "Developed India". Team Paruvaththe Payir Sei has started for its dream to create a better citizens for a better nation. Usually there is a belief, that someone will bring the change we liked to see, but the hard core ideology of team PPS is to bring the desired change in each and every individual. Complaining alone is not the optimal thing to do, so its our side to go grounded and sow the revolutionary seeds of change in every individual.

We believe in transforming the younger generation, equipped with rational behaviour, critical and analytical thinking, moral and ethical values, financial literacy, political awareness and many other. we have created a platform for youngsters to get enriched, encouraged and enlightened. That is why we have started Paruvaththe Payir Sei, to see the dream happening that we believed in.

DO WE REALLY NEED LIFE SKILL CLASSES ?

Life skill training is one of the young disciplines which have emerged during the second half of 20th century. WHO defines life skills as "abilities for adaptive and positive behaviour that enable individuals to deal effectively with the demands and challenges of everyday life". In India, moral classes were once a subject of study in the regular academics during the early 21st century but after few decades those classes faded completely from the schools. But the need for moral and ethical values are inevitable in this modern era. Getting specialized with the "Science Technology Engineering Maths - STEM" curriculum alone wont help you to lead a successful life. "Get good grades, get a degree, get a job", this is not enough. We need to know more, and so life skills are inevitable. We all knew human beings are social animals, we should learn how to live with our family, friends and the society.

Team PPS is here to join hands with the educational institution to once again imbibe the ethical values with fresh and quality concepts, clear perspective with modern needs and indigenous teaching methodologies through a well established LEE syllabus. Team PPS have aimed to provide a strong platform to learn, practice and implement life skills, ethics and self discipline in the day-to-day life. The thrust area of PPS is to provide high definition LEE training to the targeted groups of schools, colleges, parents and teachers. These training program formats are customized adopting a competency building approach.

WHAT IS LIFE ETHICAL EDUCATION (LEE) ?

LEE syllabus is exclusively made for youngsters with three stage approach **Triangle**, **Hexagon** and **Nonagon**. Triangle plays a base role of environmental building among the parents, teachers and students. Hexagon comes in with six different skills to be mastered by the students. And the last part Nonagon handles sensitive nine topics with much caution. All these topics are imbibed with the flavour of cultural, environmental and ethical values to enrich the student community, to practice individual discipline which in turn creates a better pathway for their brighter future and country's growth. Team PPS have developed LEE resource materials, trainers manual, workbooks, progress reports and customised tests that are field tested to enhance the training experience thus making it enjoyable while delivery and absolutely learner centric.

GOLDEN TRIANGLE

According to Scholars, triangular shape owes a unique place in science and technology due to its stability. Like wise Golden triangle plays a vital role in providing a stable society. Our first part bears this name to tell this community about the importance of inter-relationship between parents, teachers and students from three different angles.

“**Education is the shared commitment between dedicated teachers, motivated students and enthusiastic parents**”

WHY DO WE NEED GOLDEN TRIANGLE ?

Teachers and parents provide a vital support system to help students flourish. Researchers found that a positive, effective relationships of parents and teachers can help students prosper. When this triangular relationship is eminent we can be sure that the upcoming community will be a great bloom.

WHAT ARE ALL THE OUTCOMES ?

- ◆ Build's strong and healthy relationship
- ◆ Scalable & sustainable growth of students
- ◆ Identifies the AOI* of students
- ◆ SPR* checks & enhances self progress
- ◆ leveling up the students study environment

HEXAGON

This is the 2nd part of LEE syllabus which provides all 6 basic elements needed for a young mind. One who expertise this 6 skillset will get the ability to shine brighter in this challenging society. A magnetised iron piece will lift about 12 times its own weight. But if you demagnetise the same iron piece, it will not lift even a feather. This part will provide you the required magnetisation for your life and this helps you to lift the most and make best out of it.

Self-Introspection

According to psychology, individual can improve their life by recalling their daily events at the end of the day. Paruvaththe Payir Sei diary will be an encouraging factor for this and there by improving and recreating self.

Peruse Volumes

*"A reader lives a thousand lives before he dies,
The man who never reads lives only once"*

-George R.R. Martin

Team PPS will support you to read and refer various fruitful books in this session.

Applied Psychology

In this part, we reveal some interesting BIO-PSYCHO facts behind different emotional moments like Delight, sorrow, anxiety and fear in our daily life. The concept of applied psychology will help students to improving their way of behavior.

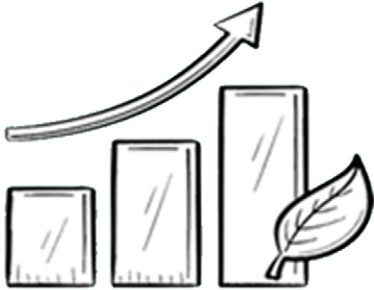

Rational-Thinking

People faces different situations in each stage of his life. This section will provide clarity about rational thinking, which help you to handle such situations and to make right decisions.

Empathy

When one thinks from other's point of view, then there will be little probability for contradiction. In this way, understanding the concept of empathy will reduce chaos and leads a better world.

Sustainable-Growth

one's growth should take place in a balanced way in order to achieve sustainability. Holistic ideas to pursue this state and changing their mindset of 'instant growth' will be discussed and implemented here in this section.

WHY DO WE NEED HEXAGON ?

You need this part because the world demands you with analytical thinking, decision making capability, healthy lifestyle, knowing your own, sustainable growth, humanity and immense knowledge. Learning and practicing these skills will make you much better and unique from others.

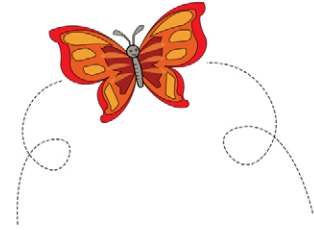

WHAT ARE ALL THE OUTCOMES ?

- ◆ INCULCATE THE HABIT OF DIARY WRITING
- ◆ COMPLETE READING ATLEAST 2 FRUITFUL BOOKS
- ◆ RATIONALITY DEVELOPEMENT TEST AND ITS RESULT ANALYSIS
- ◆ TECHNIQUES TO MEASURE STATISTICAL GROWTH
- ◆ IMPROVE PSYCHOLOGICAL FACTORS WITH NLP

**“Learn everything you can,
anytime you can,
from anyone you can;
there will always come
a time when you will be
grateful you did
”**

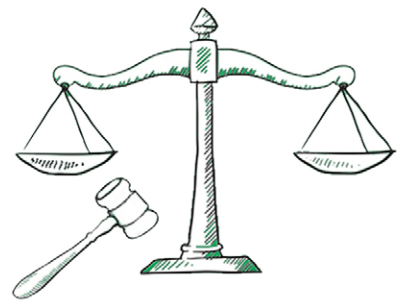

NONAGON

This is the 3rd part of LEE syllabus which covers some sensitive topics of life. Understanding these 9 topics to its core will make you successful and lift you along with your society to a better height. Nonagon is our extended effort to create a better citizen, for a better nation.

Law

Law part here will educate students how to handle situations by abiding the law. We also teach them some basic laws which will help them in future. Engaging activities will be conducted by our resource person for students better understanding.

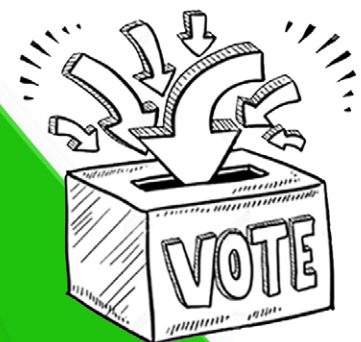

Indian economics

The growth of a country depends on its economy, so every citizen of the country should have some economic intelligence. This section will be a part of an encyclopedia of economic and social knowledge.

Political structure

Each country has a different political system. As a citizen of this country, we tend to know about the political system of our country and it will be detailed explained in this section.

Time-handling

In this world, time is the only thing which cannot be bought by the money, no matter how much money one pays. The same has been described as "Paruvaththe Payir Sei" in aathichudi by the famous family poet Avvaiyar. So, time handling and its importance will be highlighted here.

Money-Handling

Money is an essential need for human being, but it has to be earned and handled in a right way. This will be insisted in this part because "too much of anything is good for nothing" applies not only to food but also for money.

Entrepreneurial Skills

The growth of a country depends on the economic development of a country. A key foundation for entrepreneurship is the start-ups, hence this segment is aimed to create entrepreneurs with such innovative start-up ideas.

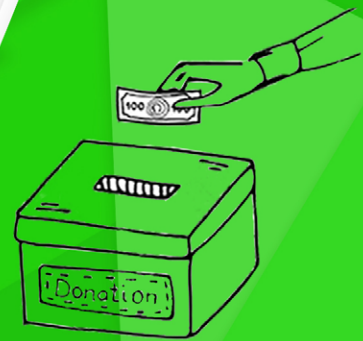

Charity

"Charity begins at home, but shouldn't end there"

- Scottish proverb

In this section team PPS will incorporate the habit of helping others with various events organised and activities conducted.

Unity in Diversity

This area will be a guaranteed platform for all people to know about India's unique quality and strength. We provide clear mindset for students about equality and dismantle caste, religious differences.

Agro-Culture

This is a special section of Paruvaththe Payir Sei team as it will project the importance and uses of agricultural sector which is considered to be the backbone of India.

WHY DO WE NEED NONAGON ?

You need this part because it comprises of revolutionary triangle, financial, business, ecological and patriotic lifestyle. Getting expertise in these topics will provide you with rational thoughts which will help you to take correct decision in life.

There by leads india to be an well developed nation.

Education on Values :

The cultivation of human values is an 'EDUCATION' which is carried out at right time by PPS

Ethics for Life :

As they preach Ethical Education for life, the best thing here is they are also practicing it.

A Smart Initiative

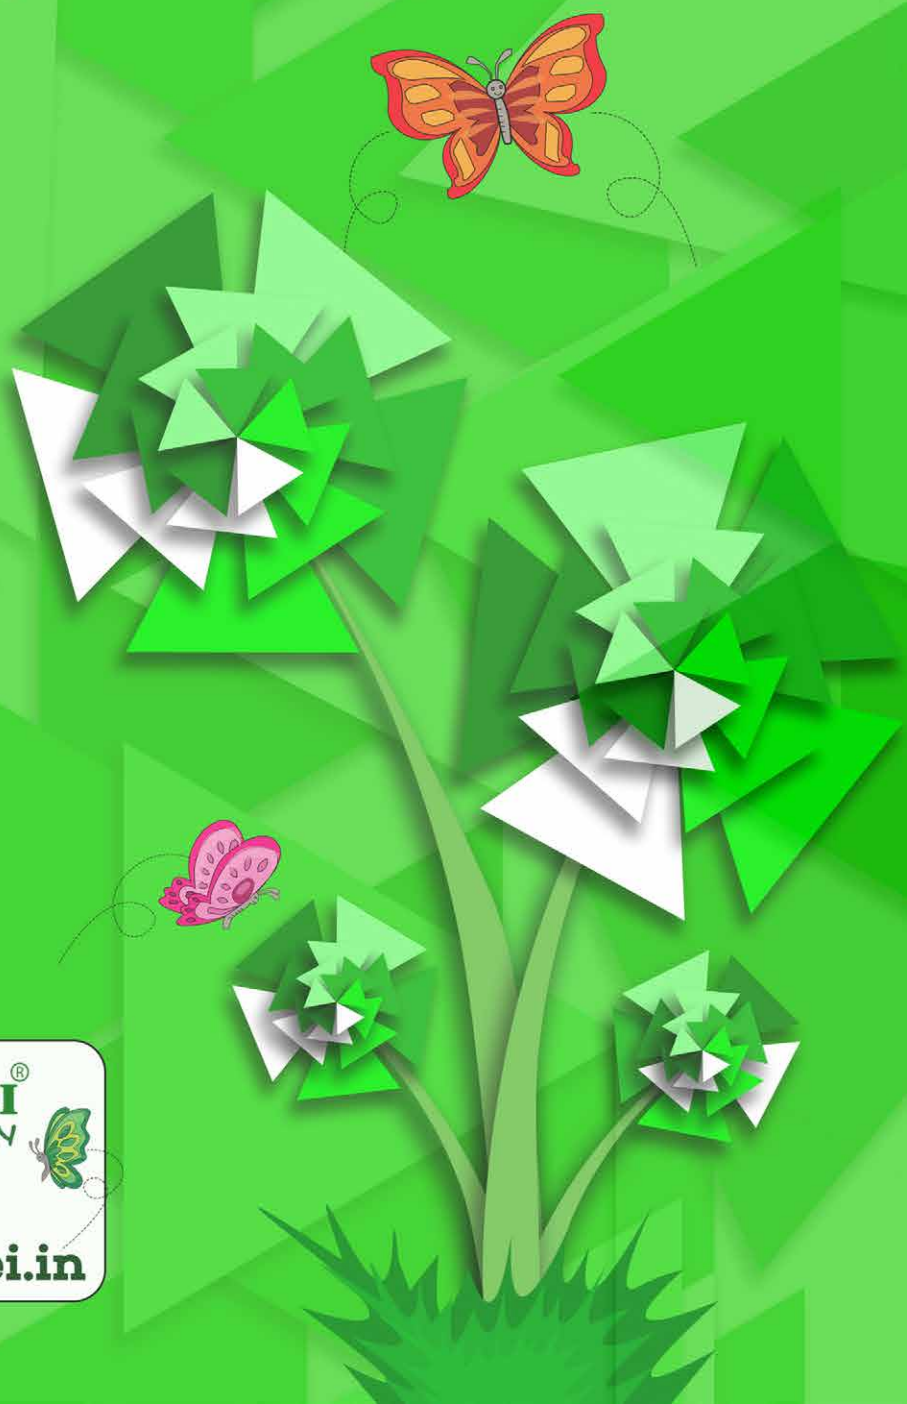

Initiative is doing the right thing without being told and I believe this is going to take "Paruvathai Payir Sei" to greater heights....,

A Bright future :

A very inspiring initiative aimed at the pioneers of tomorrow. Such kind of education is lacking in schools, and the overall education system of our country. Keep up the great work
