Welcome Vivify Volunteers

Thanks for joining our team!

Welcome

We're pleased that you've decided to join our team. You will receive a separate email with instructions regarding how to proceed on your project. However, this guide is intended to give you an introduction to our organization and an overview of what you can expect from us.

About Us

Vivify Community Charities is a nonprofit organization based in the Dallas/Fort Worth area of Texas. Our mission is to inspire hope, address social discontinuities, and empower low- to moderate-income populations in disenfranchised and historically marginalized communities through advocacy and education. We focus on providing training, support, resources, and advocacy services in areas of current need, including but not limited to education (including special education), housing, health care, protection from abuse, and other focus areas.

Who We Serve

Our services are available to individuals and families from all walks of life who need support the most. While we are based in Dallas, Texas, we have helped people all over the United States. This includes minorities with health concerns, victims of domestic violence, special needs children, new homeschool parents, and more.

What We Do

Vivify Community Charities provides support and advocacy services to disadvantaged communities. This includes, but is not limited to, providing information to help the community find resources to meet their basic needs for shelter, food, education, health, and safety. We guide people to public resources, show parents how to advocate for their children, mediate disputes with public entities, provide scholarships, promote community programs, secure short-term and long-term housing, and distribute school supplies, food, books, clothing, and other items.

Getting Started

Your role as a volunteer is vital to our commitment to serving the community. Whether you are working on a project to develop information resources, find grants, deploy marketing strategies, write for a blog, or any number of other opportunities, we simply ask that you record information as accurately and completely as possible. Remember, the community depends on your research, so we want to provide valuable information that can make a positive impact on people's lives.

1. Be careful to visit safe internet websites. [Review these guidelines.](#)
2. Look for credible sources of information from entities in the United States. Focus on resources available through government websites that end with ".gov", nonprofit organizations that end with ".org", and large, reputable corporations.
3. Never enter your personal information on a website, including but not limited to your zip code, credit card number, social security number, date of birth, or other personal information.

Frequently Asked Questions

What will you do with my research?

The information you share will be used in as many ways as we can find to benefit the community. This can include posting to our blog, adding to our website, sharing with callers to our hotline, announcing the information at community events, searching for granters, and any other opportunity to help those who need it most.

What is the deadline?

Of course, we would like to receive the information as soon as possible so we can begin helping the community quickly. Unless we provide a specific deadline, please try to complete your assignment within 10 business days. However, we will appreciate your support at any time!

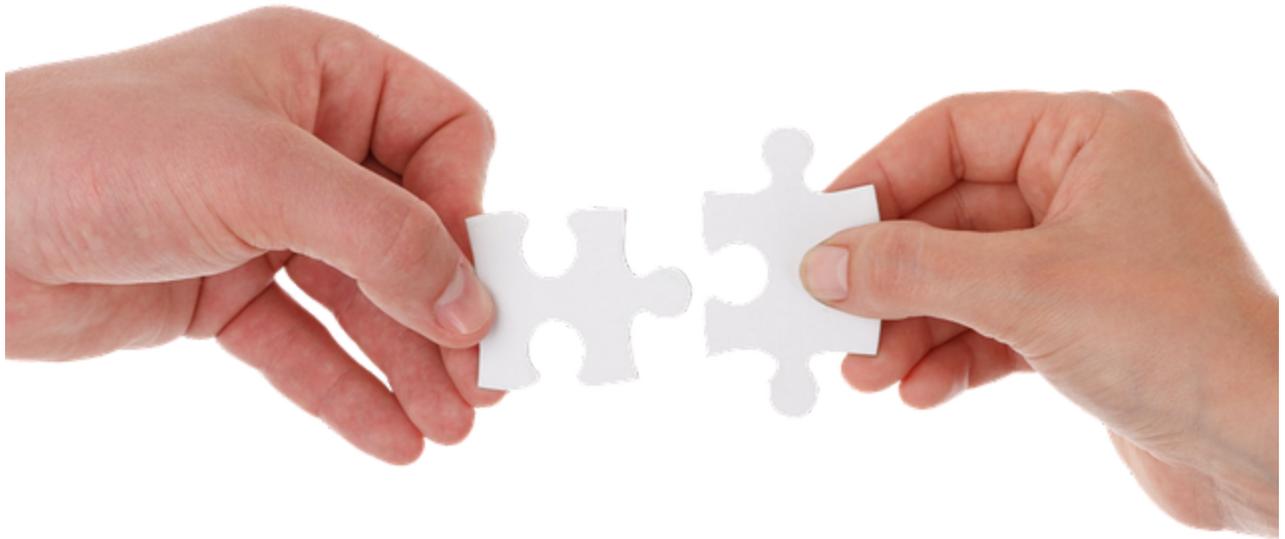

Are there additional volunteer opportunities?

There are ALWAYS more ways to get involved! If you would like to continue working on the current project, please email info@vivifycharities.com. If you are interested in a different assignment, just let us know! We have additional opportunities, and we would love to hear your ideas about other ways you can help our cause!

Contact

If you have questions about your current assignment, its impact, or future opportunities, send us an email to info@vivifycharities.com or submit a note on the Contact Us page of www.vivifycharities.org.

Your community thanks you.

We can only imagine the long-term impacts that your work will have on individuals and families throughout the United States. On behalf of all of us, we thank you. Your contributions mean the world to us. We want to make sure that you know you are a valued member of our team. Watch your email for tokens of our appreciation and more opportunities to stay involved with helping the community.
