NCPTA President Tribute **Patsy Hudson**

Patsy Hudson was born in Washington, North Carolina on August 29, 1968 the only child of Edward “Buddy” Moore and Lynda Moore. She grew up living in Beaufort County where she currently resides in Chocowinity, North Carolina. She graduated from Chocowinity High School, attended Beaufort Community College, and later Mount Olive University.

As a teenager, Patsy learned the value of hard work spending summers working in tobacco and her high school years working at a local fast-food restaurant. Following high school, she began her professional career working in the accounting/finance world until 2001 when she accepted a position with Beaufort County Schools as Cost Clerk. In 2003, she transitioned into the role of TIMS Coordinator, finding her niche in school transportation. Her time in Beaufort County offered the opportunity to learn many aspects of the pupil transportation industry. In 2015, she was offered the opportunity to join the Wake County Schools Transportation team as Routing Specialist. After three years as a part of the WCPSS team, she accepted a position as TIMS Coordinator with Pitt County Schools. In May 2020, she was promoted to Assistant Director and most recently to Transportation Director in January 2022.

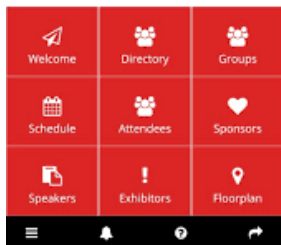

She has been an active member of NCPTA at the local and state level since joining in 2001 holding offices on the board of her local district before holding the current office of President on the Executive Board. She is a certified instructor for the First Observer program as well as the Bullying Prevention program, served on the Position Review Committee for NCPTA working to revise job classifications for pupil transportation employees and Bus Licensure Committee with NCDMV to streamline the current CDL licensing process. She has attended numerous conferences and volunteered at each one.

Being a part of the pupil transportation industry is something about which she is extremely passionate. She considers it a privilege to have served this association during unprecedented times in our industry and to be an advocate for the safe and efficient transportation of our children in North Carolina as well as those who work in this industry in our school systems across the state.

She is mom to Kathryn who lives in New Bern, NC with her husband Bobby and their children Kaden, Ella and Addie and to Bryan Hudson who lives in Washington, NC with his wife Tyler and their son Jase.
