

8. Right Turn Maneuver

Purpose

To determine ability to execute a right turn without touching the curb.

Instructions

The turn lane is marked on the right with a curb line (rope - entering and exiting) at least fifty (50) feet in length, traffic cones in the arc of the turn and scoring templates at each end of the arc of the turn. The driver will approach the corner giving the correct directional signal. The bus may not be stopped during this event. The turn must be executed without touching the curb line.

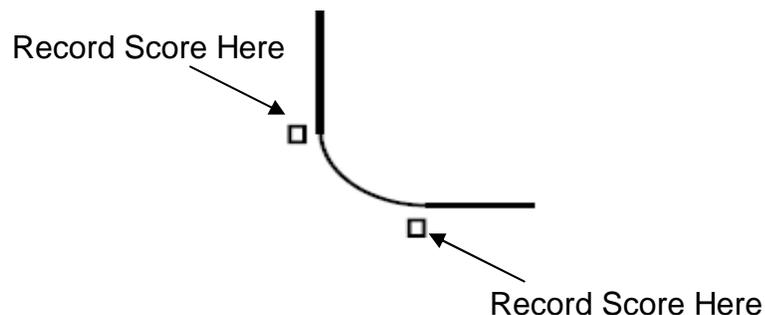

Scoring

The following demerits will be deducted from the Maximum Score for infractions:

Outside Judge

- 40 demerits Any tire touches the curb line at any time, Backing during the event, Failure to complete the event, Rear tire passing outside of scoring plate
- 6 demerits Each instance of stopping during event (agreed on by all judges at that event) (maximum of 30 demerits)

The face of the right rear outside tire should pass through the scoring template at the beginning and end of the arc of the turn. Record demerits from each template when entering (leading edge of template) and exiting the turn (trailing edge of template)

Inside Judge

- 40 demerits Failure to properly wear a seat belt, Failure to remain fully seated during the event, Failure to keep door closed during event
- 15 demerits Failure to activate the right directional signal prior to turn
- 3 demerits Failure to cancel right directional signal

Maximum Score

Forty (40) points
