

Country Sweet Havanese and

Bee Happy Biewers

Limited-NO Breeding Rights -AKC Contract

Country Sweet Havanese and Bee Happy Biewers guarantees your puppy to be free from life altering genetic diseases (heart, hip dysplasia, for one year from your puppy's date of birth) to their best of their knowledge. Your puppy must be examined by a licensed veterinarian within 72 business hours of receiving the puppy. If the licensed veterinarian deems the puppy is unwell or unsound (**cherry eye, inguinal and umbilical hernia's, worms, hookworm, and common bacterial parasites such as but not limited to; coccidia and giardia and other infections found in puppies is NOT INCLUDED in this guarantee**) within 72 hours, the Seller will accept the puppy back and you will receive first pick of the next litter. Moving from mom and littermates is stressful to any pup and it is very common for these parasites to erupt during the upcoming weeks. If the buyer does not adhere to the 72-hour checkup this guarantee is null and void. A written signed assessment from your veterinarian is required; documenting proof of the health care findings and the owner might be asked to provide a second opinion from a license veterinarian. **No refund will be offered in any event;** however, we will always take the puppy/dog back and as the new owner you agree to notify Country Sweet Havanese and Bee Happy Biewers if you are no longer able to care for the puppy/dog. In case of death of your pet, an autopsy stating the cause of death will be required. Upon concurrence of the breeder's vet, the buyer may replace the puppy (with all registration/medical paperwork) for another puppy.

Signature: _____ (b) _____ (s)

Date: _____

At the time of pick up of your puppy, he/she is deemed healthy. All required immunizations that are needed for the pups age are up to date by pick up time. By law every puppy comes with a current Florida Health Certificate. C.S.H. and B.H.B. guarantees a healthy puppy; but does not guarantee size, color, erect ears, temperament, show quality, or breeding ability. Owners will receive their AKC Limited Registration within six-nine months of purchase. Although every effort will be made to send this out beforehand, please allow up to six months for AKC Limited registrations papers. However, the average turnaround time is three weeks after proof of spaying or neutering is provided. Spaying and Neutering is recommended after 6 months of age. Speak to your Veterinarian regarding the best time to do this for your special pooch.

As a responsible owner, the Buyer agrees not to take the puppy into a public situation, i.e., Petco, PetSmart, dog parks, groomers, until 16 weeks old and when the puppy has received all its immunizations. The puppy should not go outside on the ground until he or she is full vaccinated, therefore, should be potty pad trained for the first 16 weeks. The Buyer agrees the dog will be raised inside in a loving environment. If for any reason you must surrender your dog/puppy you agree to contact C.S.H. and B.H.B. to assist in rehoming or taking back the puppy/dog. There is no guarantee of any refunds on a returned puppy.

Trupanion Pet Health insurance is required for the first 30 days. New owners will take advantage of the 30 days free trial. Country Sweet Havanese and Bee Happy Biewers partners with Trupanion. Trupanion offers free insurance for 30 days, you must enroll 24 hours before or within 24 hours of picking up. Then, rest assured your puppy is protected (terms set by Trupanion) against illnesses, accidents, etc.

Initial:

_____ Yes, I have already enrolled in Trupanion's 30-day free trial period.

_____ No, I will enroll within 24 hours from now.
