Delivering a COVID SAFE Service

Committed to containing and preventing spread of Coronavirus, we are constantly keeping up-to-date with the latest advice, we are confident we will deliver the best possible results and service during this pandemic and for the future.

All of the products we use are **EN14675** and **EN14476** grade (Chemical Disinfectants and Antiseptics), they are always used strictly to manufacturers guidelines, we endeavour to ensure a "99.9% guarantee to kill all germs and viruses" can be delivered at all times.

For peace of mind, a full list of our procedures and products used may be obtained, please contact us via the above details.
