

Technical Product Information

ATF TDX II

DX-II Type Transmission Fluid

Description	Rev.01_01.01.2019
<p>ATF TDX II is an automatic transmission fluid for use when the manufacturer calls for a Dexron DX-II fluid. It is blended from virgin base oils, which have been fortified with anti-wear, anti-oxidant, anti-foam, anti-corrosion and viscosity index improvers together with friction modifiers. This blend of components gives high levels of performance and long service life.</p>	Features / Benefits <ul style="list-style-type: none">▪ General Motors GM 6137M▪ Daimler Benz 236.6▪ Allison C-3▪ Caterpillar TO-2
<p>Uses</p> <p>This oil is designed for use in all transmissions, power steering, and hydraulic systems where a DX-II fluid is specified. Due to the high quality of the components used in its manufacturing, ATF TDX II gives excellent performance and long service life.</p>	

Typical Physical Properties	
Viscosity at 40°C	32
Viscosity at 100°C	6.8
Viscosity Index	>160
Pour Point °C	-45
