

# G3™ Pump Enclosure Kits

Ideal for Fracturing Equipment Lubrication

## Simple Compatibility

Same bolt hole pattern as the competition for easy field upgrades

## Heavy-Duty G3 Pumps

4-liter G3 Pro or G3 Standard pumps with 12V or 24V options

## Visual Indicators

Relief to Atmosphere Indicators allow for easy troubleshooting of blocked lines

## Fits Common Configurations

Pre-configured for quintuplex or triplex pumps

## Convenient Filling Port

High-flow fill stud allows for fast and efficient filling of the reservoir

## Durable Enclosure

Robust fiberglass-reinforced polyester enclosure

## Built to Last

Enclosure is reinforced with a heavy-gauge steel plate for added toughness

## Mounting Brackets and Dampers

Each assembly comes with mounting brackets and dampers to help combat vibration

## Typical Applications

- Well services
- Fracturing equipment

## Ordering Information

Part Number	Description
132090	Triplex, 12V, G3 Pro
132091	Triplex, 24V, G3 Pro
132154	Triplex, 24V, G3 Standard
132092	Quintuplex, 12V, G3 Pro
132093	Quintuplex, 24V, G3 Pro
132155	Quintuplex, 24V, G3 Standard
132089	Standalone enclosure with G3/MSP mounting panel
132188	G3/MSP mounting panel
132163	Isolator kit
