

# PROJECT *dance*

## COMPANY REQUIREMENTS 2025-2026

Company CORE is the company program at Project Dance. This is our highest level of competition, for dancers that are highly committed to their dance careers. Commitment, originality, respect, and excellence are the foundations of this program, which is why we call it CORE.

To be a part of this program, **dancers need to audition each year.** The Company CORE program has multiple groups within it, based on level and age. After auditions, we will send placement emails to each dancer to let them know what program and group is the best fit for them. If dancers are placed in a Company CORE group (Jade, Coral, Crystal, Diamond, Ruby, Amber, or Onyx), **you will need to enroll in all of the mandatory classes for that group and any optional ones that you wish to take** (see below for requirements). Auditions for optional lines and small groups will be held at a later date.

Attendance is very important in the company CORE program, and we have a **4 missed class maximum.** If dancers miss more than 4 classes in the season (per genre) they will need to make up the time in a private lesson with their teacher. We completely understand there are sometimes circumstances that make it necessary to miss, like being ill, but missing more than 4 hours of training in a single genre will significantly impact the dancer and their group, and catch-up will be required beyond what they can do at home.

**Summer tech** classes will be offered most weeks over the summer, and all company dancers must attend at least 4 classes per style (minimum 2 ballet) over the summer, though more is highly recommended. A schedule is attached.

Our company CORE program has a preview show in February, 4-5 group competitions between Feb-May, provincials (if qualified) in May-June, and a year-end show in June. Company dancers will also participate in RAD ballet exams and Acrobatic Arts acro exams in May or June.

**Participation in and attendance to all of these events is required.**

Company CORE dancers will have a **choreography week** to get a head start on their choreography. We will have more details on this soon, but please keep September 3-5th available for now\*. There will be a \$50-75 (approximately) fee per dancer for this choreography week. **More info will be out mid-August.**

Min. 1 convention will be mandatory this season. There will be a variety to choose from, Nuvo, Groove Street, Power Dance, The View, The One, Sol, etc. More info will be out as it comes in.
