## President Donald Trump's Arrest

On August 24, 2023, the first "mugshot" of a former president in history was taken. After turning himself into his arrest in Georgia, on accounts of election tampering in 2020, Donald J. Trump was booked and then released on a \$200,000 bail all within 20 minutes. He states that this action is "a travesty of justice" and that the arrest was, in fact, election tampering due to his 2024 presidential campaign. An arraignment date has not been decided yet, however, it is clearly established that it is on account of federal charges.

## India on the Moon

On Aug. 23, 2023, India made history by becoming the first country to land on the South Pole on the moon. Their vessel, the Chandrayaan-3 lander, allowed India to become the 4th country to land on the moon.

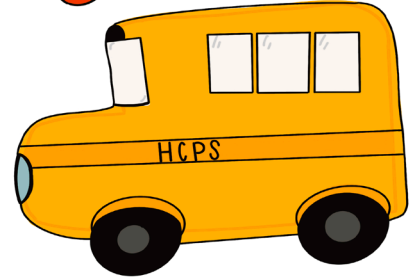

The spacecraft gave India space and international power. "India is now on the moon. India has reached the south pole of the moon — no other country has achieved that. We are witnessing history," said Prime Minister of India, Narendra Modi.

Once on the moon, astronauts from India spent two weeks conducting experiments on this new terrain. It seems as though most future explorations will focus on the South Pole of the moon. This is because this area seems to have the most potential for ice and craters. This ice and water give astronauts the potential to create rocket fuel and even provide drinking water. The uneven craters give the potential for constant sunlight exposure at its peaks, generating power to achieve more lunar activities.

## Vanilla Mug Cake

### Ingredients:

- 4 tablespoons all-purpose flour
- 2 tablespoons granulated sugar
- 1/2 teaspoon baking powder
- 1/4 cup milk
- 1-1/2 tablespoons butter melted, or oil
- 1/2 teaspoon vanilla extract
- 1 tablespoon sprinkles (optional)

### Instructions:

1. Mist the inside of your mug with cooking spray to help keep the cake from sticking to the sides.
2. Add the flour, sugar, and baking powder to your mug. Gently whisk with a fork until combined, roughly 30 seconds.
3. Add the milk, melted butter (or oil), and vanilla extract. Stir with the fork to fully incorporate, making sure to get the bottom of the cup.
4. Microwave 45 seconds to 2 minutes, or until the cake has cooked fully.
5. Serve plain, with frosting, or topped with a scoop of ice cream.
