# About SR Instruments, Inc.

## History

- Founded in 1973, privately held small business.
- Primary business – OEM weighing solutions for leading medical equipment manufacturers.
- SR Scales grew out of our extensive experience in providing OEM solutions.

## Technical Resources

- Technical expertise: multiple patents for innovative weighing technologies.
- Customer focused: customer feedback drives new features.
- Manufacturing facility located in Buffalo, NY.

## SR Scales Business Approach

- Acute care, dialysis, and LTC markets: where patients need assistance getting weighed.
- Solutions engineering: direct contact with company engineers to build the scales that caregivers want and need. You imagine it, we'll build it!

# Medical Scales Overview

- Four Year Warranty – Longest warranty in the professional medical scale industry.
- Designed and manufactured in USA.
- Product families of SR Medical Scales include:
  - Stand-on
  - Wheelchair
  - Wall Mount
  - In-floor \ Dialysis
  - Pediatric \ Infant
  - Gram Scales

# Medical Scales Overview (Continued)

- SR Scales offers the most comprehensive set of antimicrobial product protected medical scales on the market.
- The antimicrobial product protection is incorporated directly into surface areas of the scale. Thorough product coverage:
  - Platform
  - Handrails
  - Display housing
  - Keypad
  - Stanchions

# Medical Scales Overview (Continued)

- Hospital systems can now standardize on SR Scales with antimicrobial product protection at all their locations.
  - ❑ *For Hospital Purchasing Managers:*
    - ✓ Longest product protection warranty: FOUR YEARS.
    - ✓ Stable supplier – over 45 years in business.
    - ✓ Most scales ship within three business days.
  - ❑ *For Biomedical Engineers:*
    - ✓ Proven durability (15+ years in field use not uncommon).
    - ✓ SR can design scales for custom applications.
    - ✓ Simplified set up.
  - ❑ *For Nursing Directors:*
    - ✓ Low-rise scales with built-in handles help promote patient safety.
    - ✓ Touch-less weighing options on multiple units.
    - ✓ Multiple scale designs for a variety of applications.
  - ❑ *For Infection Prevention Managers:*
    - ✓ Antimicrobial product protection.
    - ✓ Multi-product line coverage (not just a few scales).
    - ✓ Extensive antimicrobial coverage on high-touch surfaces.

# Weighing Platforms

## Stand-on Scales

- SR411i/SR416i – Features
  - ❑ Entry-level Patient Floor Scale
  - ❑ Ultra-wide platform – 23” X 15”
  - ❑ Low profile, easy to stand on
  - ❑ SR411i – Wired, wall mount display
  - ❑ SR416i – Built-in display
  - ❑ Digital read-out
  - ❑ Rugged cast aluminum base
  - ❑ i-series SR display
  - ❑ EHR-ready via serial output
  - ❑ Capacity up to 880 lbs.
  - ❑ AC powered, always on
  - ❑ Antimicrobial product protection

## Product Options

- ❑ Bluetooth enabled (factory option)

(SR411i – Wired Wall Mounted Display)

(SR416i – Built-in Display)

Platform Size: 23” x 15”

# Weighing Platforms (continued)

## Stand-on Scales (continued)

- SR555i – Features
  - ❑ Light-weight
  - ❑ Portable design – “Tip and go”
  - ❑ Integrated front hand hold
  - ❑ Battery operated
  - ❑ Rugged cast aluminum base
  - ❑ i-series SR display
  - ❑ BMI calculation
  - ❑ EHR-ready via serial output
  - ❑ Antimicrobial product protection

### Product Options

- ❑ AC adaptor for touchless weighing
- ❑ Height rod
- ❑ Side handrails
- ❑ Printer

(Shown without optional handrails and height bar)

(Shown with optional handrails and height bar)

Platform Size: 15-3/4" x 18-1/2"

# Weighing Platforms (continued)

## Stand-on Scales (continued)

- SR585i – Features
  - ❑ Wider base than SR555i
  - ❑ “Assured-grip” – thick, wrap-around handrails
  - ❑ Integrated front hand hold
  - ❑ Light-weight
  - ❑ Portable design – “Tip and go”
  - ❑ Battery operated
  - ❑ Rugged cast aluminum base
  - ❑ i-series SR display
  - ❑ BMI calculation
  - ❑ EHR-ready via serial output
  - ❑ Antimicrobial product protection

### Product Options

- ❑ AC adaptor for touchless weighing
- ❑ Printer
- ❑ Built-in height rod

(Shown with optional height bar)

Platform Size: 18" x 20"

# Weighing Platforms (continued)

## Wheelchair Scales

- SR725i – Features
  - ❑ Large, low profile design - 1.5” maximum rise.
  - ❑ Lightweight & Portable: 65 lb. platform weight
  - ❑ 3.5” stored thickness
  - ❑ Built-in wheels
  - ❑ Display nests into surface with push pin release
  - ❑ Two large platform sizes to choose from
    - 32” x 30” (32” x 42” weighing surface with ramps)
    - 36” x 30” (36” x 42” weighing surface with ramps)
  - ❑ Larger SR725i-L is ideal for LTC centers needing to accommodate motorized wheelchairs
  - ❑ Integrated ramps are extension of weighing surface
  - ❑ Bariatric-ready with 1,000 lb. capacity
  - ❑ Optional printer available
  - ❑ Antimicrobial product protection

SR725i Platform Size: 32” x 30”

SR725i-L Platform Size: 36” x 30”

# Weighing Platforms (continued)

## Wheelchair Scales

- SR735i – Features
  - ❑ Steel Construction - durable and easy to clean
  - ❑ Large 32" x 40" Weighing Surface
  - ❑ Continuous Arch Ramp - Total height gain is 2 inches
  - ❑ Memory Recall - Recall the last stored weight
  - ❑ Battery Operated - 6 D cell batteries providing approximately 10,000 weigh cycles
  - ❑ Auto Power Down (APD) to conserve battery life
  - ❑ BMI Calculation - Enter height information to calculate Body Mass Index
  - ❑ Serial Data Output (EHR) - Data output can be used to communicate with Electronic Health record systems
  - ❑ Antimicrobial product protection
  - ❑ Optional thermal printer

Platform Size: 32" x 40"

# Weighing Platforms (continued)

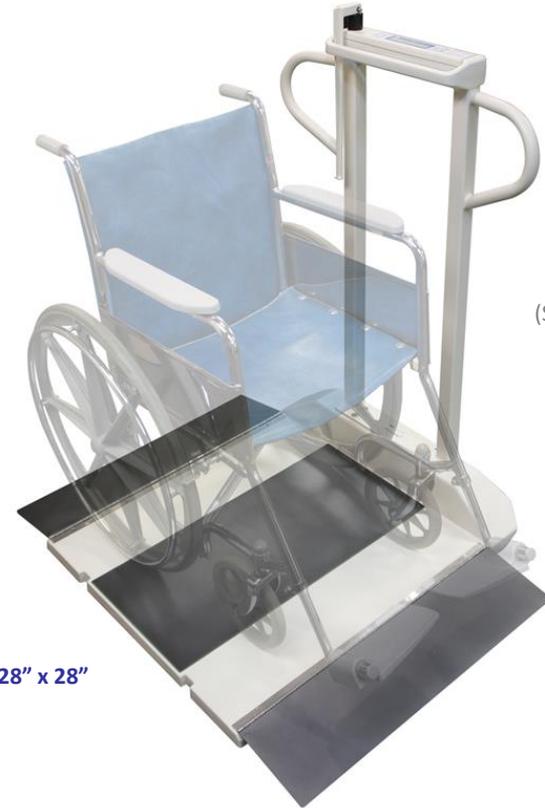

## Wheelchair Scales (continued)

- SR755i – Features
  - ❑ Light-weight, multi-purpose
  - ❑ Portable design – “Tip and go”
  - ❑ Integrated front hand hold and side grip handles
  - ❑ Fold-down ramps
  - ❑ Wheelchair, semi-ambulatory
  - ❑ Large base platform makes a great bariatric-ready stand-on scale
  - ❑ i-series SR display
  - ❑ Battery operation
  - ❑ EHR-ready via serial output
  - ❑ Antimicrobial product protection

### Product Options

- ❑ AC adaptor for touchless weighing
- ❑ Height rod
- ❑ Printer

(Shown with optional height rod)

Platform Size: 28" x 28"

# Weighing Platforms (continued)

## Wall Mount Scales

- SR7005i – In Room Mini Wall Mount Scale Features
  - ❑ Space-saving design: folds up against wall when not in use, using less than 3" of wall space
  - ❑ Scale "wakes" and zeros when lowered
  - ❑ Zero tracks when left down
  - ❑ Built-in damper for easier lowering and raising of platform
  - ❑ 660 lb. capacity
  - ❑ EHR ready via 9-pin serial data output
  - ❑ Antimicrobial product protection
  - ❑ Four year warranty

### Product Options

- ❑ Thermal printer

Platform Size: 18" x 20"

# Weighing Platforms (continued)

## Wall Mount Scales

- SR7000i – Features
  - ❑ Accommodates bariatric wheelchairs
  - ❑ Button-less operation
  - ❑ Space-saving design: folds tight against wall when not in use, using less than 4" of wall space
  - ❑ Scale "wakes" and zeros when lowered
  - ❑ Zero tracks when left down
  - ❑ Counter-balancing actuators for easier lowering and raising of platform
  - ❑ Locks and prints stable weight (with optional printer)
  - ❑ 1,000 lb. capacity: able to accommodate bariatric wheelchairs and stretchers
  - ❑ Antimicrobial product protection

## Product Options

- ❑ Built-in thermal printer

(Shown with optional printer)

Platform Size: 40" x 24"

# Weighing Platforms (continued)

## Wall Mount Scales (continued)

- SR7010i – Ambulance Gurney Scale Features
  - ❑ Ambulance gurney scale
  - ❑ Button-less operation
  - ❑ Space-saving design: folds tight against wall when not in use, using less than 4" of wall space
  - ❑ Scale “wakes” and zeros when lowered
  - ❑ Zero tracks when left down
  - ❑ Counter-balancing actuators for easier lowering and raising of platform
  - ❑ Locks and prints stable weight (with optional printer)
  - ❑ 1,000 lb. capacity: able to accommodate bariatric wheelchairs and stretchers
  - ❑ Antimicrobial product protection

### Product Options

- ❑ Built-in thermal printer

(Shown with optional printer)

Platform Size: 38" x 48"

# Weighing Platforms (continued)

## Wall Mount Scales (continued)

- SR7020i – Extra Large Stretcher Scale Features
  - ❑ Button-less operation
  - ❑ Space-saving design: folds tight against wall when not in use, using less than 4" of wall space
  - ❑ Scale “wakes” and zeros when lowered
  - ❑ Zero tracks when left down
  - ❑ Counter-balancing actuators for easier lowering and raising of platform
  - ❑ Locks and prints stable weight (with optional printer)
  - ❑ 1,000 lb. capacity: able to accommodate bariatric wheelchairs and stretchers
  - ❑ Antimicrobial product protection
  - ❑ Four year warranty

### Product Options

- ❑ Built-in thermal printer

Platform Size: 38" x 58"

# Weighing Platforms (continued)

## In-floor \ Dialysis Scale

- SR463iR – Features
  - ❑ Three platform sizes available:
    - ✓ 32" x 36"
    - ✓ 32" x 50"
    - ✓ 48" x 72"
  - ❑ Touchless operation
  - ❑ Flush mount platform
  - ❑ Flush mount rotating display
  - ❑ Scale auto-wakes and zero tracks
  - ❑ AC powered
  - ❑ Large weighing surface
  - ❑ Stainless steel platform
  - ❑ i-series SR display
  - ❑ BMI calculation

## Product Options

- ❑ Printer
- ❑ Handrail with antimicrobial product protection

(Display shown with optional printer)

SR463iR-H

SR463iR-3H

SR463iR-4H

(Scales shown with optional handrails)

# Weighing Platforms (continued)

## Pediatric \ Infant Scales

- SR635i – Features
  - ❑ Integrated scale and cart
  - ❑ Large contoured weighing platform
  - ❑ Easy-to-read 16 character LCD display
  - ❑ Memory Recall - Recall the last stored weight
  - ❑ Battery or AC Powered
  - ❑ Programmable Auto Power Down (APD) to conserve power on batteries
  - ❑ Serial data output
  - ❑ Antimicrobial product protection

### Product Options

- ❑ Available as table top version (SR630i)
- ❑ Available in KG-only model
- ❑ Printer

# Weighing Platforms (continued)

## Pediatric \ Infant Scales

- SR615i – Features
  - ❑ Light Weight / Portable - Easy to pick up and move
  - ❑ Memory Recall - Recall the last stored weight
  - ❑ Battery Operated - 6 D cell batteries providing 10,000 weigh cycles
  - ❑ Programmable Auto Power Down (APD) to conserve power
  - ❑ Serial data output
  - ❑ Aluminum plate construction
  - ❑ Durable and easy to clean plastic shell

### Product Options

- ❑ Stainless steel cart for easy portability
- ❑ Available in KG-only model
- ❑ Printer

# Weighing Platforms (continued)

## Pediatric \ Infant Scales (continued)

- SR241 Visiting Nurse Scale – Features
  - ❑ Light Weight – only 7 lbs.
  - ❑ Portable, multipurpose scale – weigh infants, toddlers, and adults with one lightweight system
  - ❑ Ideal for visiting nurse services
  - ❑ Moisture resistant system
  - ❑ Sturdy construction and inherent durability

### Product Options

- ❑ Available as stand-on scale only (SR241SO)
- ❑ Scale and tray carrying case
- ❑ Available in KG-only model

# Weighing Platforms (continued)

## SRC-600 Accessories Cart

- Features
  - ❑ Matching cart to SR635i pediatric scale with integrated cart
  - ❑ Antimicrobial product protection
  - ❑ Composite shelving and aluminum corner tubing the cart offers superior stability.
  - ❑ 3" smooth-gliding casters provide quiet movement, two brake casters

(SR-635i shown with SRC600)

(SRC-600 shown with SR615i pediatric scale. Scale not included)

## SRC-100 Accessories Cart

- Features
  - ❑ Stainless Steel Construction
  - ❑ Oversize 4" Casters, one brake caster.
  - ❑ Protective Rail – the top shelf has a top surround to prevent items from sliding off the shelf.

(SRC-100)

# Weighing Platforms (continued)

## Gram Scales

- SR300 Series – Four Models, Features
  - ❑ Ideal for a variety of tasks – from nutritional portion measurements to sub-gram measurements for tracking neonate diaper output
  - ❑ SR300 - 2000 grams x 1 gram resolution
  - ❑ SR310 - 200 grams x 0.1 gram resolution
  - ❑ SR320 - 5000 grams x 1 gram resolution
  - ❑ SR325 - 500 grams x 0.1 gram resolution
  - ❑ Constructed of high impact plastic
  - ❑ Battery Operated - 4 "AA" batteries
  - ❑ Auto Power Down (APD) approximately 120 seconds

## Product Options

- ❑ AC power supply
- ❑ Plastic bowl
