The Billboard Jackson Entrepreneurial Development Program is a business development program that invests in members of Phi Beta Sigma Fraternity, Inc., who wish to start a business? The program is a component of the fraternity's Sigma Business Initiative, which is the networking and small business support arm of its Bigger & Better Business Program. The program provides start-up capital to fraternity members who present outstanding business plans at its biannual International Conclave meeting.

By combining financial aid with mentorship, the Billboard Jackson Entrepreneurial Development Grant Program aimed to cultivate a generation of driven entrepreneurs who could contribute positively to society while carrying forward the legacy of both Phi Beta Sigma fraternity, Inc. and James Albert "Billboard" Jackson.
