Volunteer Hours:

# of Plots	Hours Completed
15	not started
19	partially completed
21	completed

Ryan Sommer of the city will be looking into what is needed to fix the ongoing water pressure problem. He will also look at the tool shed for carpenter ants.

Gardener of the Month for August is Jane Ware of plot #33. Congratulations Jane!

Plot #10 was unable to finish the gardening year due to her husband's ill-health and has offered her plot to anyone who would like extra room for late season planting. She hopes to complete her volunteer hours to remain a gardener in good standing. The

question was brought up, considering the extenuating circumstances, if it would be acceptable to donate some volunteer time to help her.

It was moved, seconded, and unanimously voted to adjourn.

The next meeting will be September 18 at the Community Center.
