"The Transformative Power of Gong Meditation"

- David Heiss -

Experience the vibration of sound frequency healing through the "Gong" as it permeates your entire being. The effects can be felt in minutes. When the gong sings, every cell in your body listens. You hear it and feel it, sensing more as the obscure sounds lead your brain to relax, allowing healing to begin. The vibrational frequencies penetrate deeply, turning the experience into a personal journey akin to a dream. During gong meditation, the subconscious may become conscious, illuminating mysteries and offering insights. David discovered the healing vibrations of gongs in 2012 after a powerful Kundalini Awakening. Believing the stars are within us, he uses sound and evolutionary astrology to explore our soul's purpose. Since 2015, he has dedicated his life to self-discovery through astrology and sound alchemy, blending gongs, crystal bowls, and other instruments to create a symphony of healing overtones. www.starsounds.love
