"EMPATH 101"

Learn tips on becoming an empowered and protected empath in this from a fellow empath. Empaths are constantly bombarded with energy from the world around them and get drained very easily. Many remain physically and emotionally ill through their lives. We will discuss protection ideas, beneficial practices you can incorporate into your life, how to explain what you are to others, and setting healthy boundaries. Rev. Pamela Borawski, CHt is an empathic intuitive psychic, spiritual guide, energetic healer, and spiritual coach focusing on healing the mind, body, and spirit. She teaches and helps her clients transmute negative habits, thoughts and beliefs into something life-changing and empowering. Pamela is the founder of 3RaysOfLight.org.

1:00 - 1:45 am: LORETTA CHILDRESS
"LISTEN TO YOUR HEART AND SOUL"

Current research is proving that we are vibrating energy, even down to our cells. We are literally light bodies who are electromagnetic in nature. This is happening not only inside our bodies, but also in the biofields that surround our bodies. Sound, in particular tuning forks, can entrain the body into a more efficient vibration, assist in balancing the electrical body and chakras, and redistribute blocked or tangled energy. A demonstration and a group tuning (if time allows) will follow the presentation. Loretta Childress is a certified Biofield Tuning Practitioner. She works out of both Beaufort, SC and Black Mountain, NC. Loretta is also a Usui Reiki Master with a Bachelor's degree in Music Therapy and a Master's in Education.
