24h/48h
available

1 Printed balloons used as **promotional products**

- In stores, restaurants and grocery stores where kids will parade their printed balloons...a publicity that will last all day!
- In schools, recreational centers and companies to demonstrate team spirit.
- In dentist and medical clinics where candies have a bad reputation and where there are risks of allergies.

2 Printed balloons used to **deliver a message**

- In stores to promote sales and special programs (for example: double your points, black Friday Sales).
- In shipping centers to inform clients of an event (for example: a blood drive, a flash sale, a pop-up event).

3 Printed balloons used to **stand out**

- Outdoor use for real estate agencies in order to promote their open-house events.
- In car dealerships to offer a festive ambiance.
- In booths at tradeshows to get people's attention and drive more traffic.
- At sporting events or to promote a fundraising event.

4 Printed balloons used to **celebrate**

- Corporate anniversaries and milestone celebrations.

Helium Accessories

HELIUM SELF-SEALING VALVES WITH RIBBON

With these user friendly self-sealing valves, there is no need to tie helium inflated balloons. To use with the helium self-sealing balloon inflator (item 28632). Pre-inserted option available — please contact us.

* These valves will impact on balloon floating time.

62,50\$/500ct | C | 28608

KEEP YOUR BRAND FLOATING LONGER

ULTRA HI-FLOAT

Sealing gel to block the latex balloon pores and allow a longer flotation (3 to 5 times). Use the pump kit to insert the right dose of gel. Get all the instructions on how to use it at www.hi-float.com.

Pump Kit | 12,50\$ | C | 28642

1/4 Gallon | 18,75\$ | C | 28641

1 Gallon | 50,00\$ | C | 28640

When ordering helium, the tanks are usually delivered without an inflator. Make sure to get the right one to fill up your balloons.

STANDARD INFLATOR

Value option. Can be used with all sizes of latex balloons.

37,50\$ | C | 28631

DELUXE INFLATOR

Comes with a gauge to indicate how much helium is left in the tank.

62,50\$ | C | 28630

SELF SEALING INFLATOR

To use with helium self-sealing valves (item 28608). The gauge indicates how much helium is left in the tank.

75\$ | C | 28632

ALL-IN-ONE INFLATOR

Two different nozzles to inflate both latex and mylar/gelli balloons. The gauge indicates how much helium is left in the tank. 118,75\$ | C | 28633
