Changes to Family Composition after Move-in

The family may request a change in unit size due to the addition or subtraction of a family member after 6 months of occupancy, but changes may not be allowed until after 12 month lease period if household income would change. Families must inform management within 30 days when a change occurs. The household must meet program eligibility requirements at the time the change of household composition occurs. Adult additions to the family must be approved for occupancy in accordance with the property's resident selection criteria prior to occupying the unit. Adult members' income must be considered in the maximum income limit and also must be added to the lease. Standard occupancy limits are no more than 2 members per bedroom. Ask management about exceptions.

Unit Transfers

Should a need arise for a current resident to transfer to either a smaller or larger unit, "in-place" residents will be given priority over applicants on the Waiting List. Unit Transfers shall be strictly limited to the following situations:

- a) **Reasonable Accommodation:** When approved as a reasonable accommodation that would allow the tenant's full use of the property based on a disability related need.
- b) **Over/Underutilization of unit:** When a change in household composition causes the current unit to be over or underutilized. For example, if a household size changes a unit transfer to a larger or smaller unit may be requested by the resident or may be required by Management. Per the occupancy standards above, a minimum of one person per bedroom and a maximum of two persons per bedroom are required.
- c) **Need for Accessible Unit:** When a resident needs a unit with handicap-accessible amenities and fixtures.
- d) **Medical Necessity:** Medical reason certified by a doctor.
- e) **Deeper Subsidy:** The availability of a deeper subsidy which would decrease resident rent responsibility.

Unit transfer approval may be granted once all required documentation is received. If written documentation of the need for accommodation is required, BlueLine Property Management will inform the resident and request the resident's authorization for verification.

Residents transferring must be current with rent, pass a unit inspection and have no unresolved lease violation notices. BlueLine Property Management has elected to establish a policy of requiring a new security deposit be paid to the new unit. Any excessive damages deemed beyond normal wear and tear or caused by abuse, neglect or willful destruction shall be billed to the resident in the form of an itemized list of damages.

Security Deposit

The required security deposit for each unit is established at move-in and will be no less than **\$400**. When a tenant transfers to a new unit, management will charge a new security deposit and refund the balance of the deposit for the old unit.

Modification of the Resident Selection Plan

Management will review this Resident Selection Plan at least once annually to ensure that it reflects current operating practices, program priorities, and LIHTC and HUD requirements. If the property and/or HUD'S Contract Administrator feel the plan needs to be modified in any way, a notice of such modification will be provided by mail to applicants on the waiting list, and by public forum to other interested persons who may have an interest in becoming applicants.
