EMPLOYMENT OPPORTUNITY

Civil Engineering Intern (Summer 2027)

Anderson Bogert is a team of 20+ dedicated, knowledgeable, happy and goal driven people who want to improve our community and create opportunities for growth.

Are you currently a student enrolled in a civil engineering program, aiming to gain hands-on work experience over the summer break? Our company is well-equipped to provide expertise in a range of specialized civil engineering and planning projects, including but not limited to activities like roadway design, stormwater management, traffic engineering, airport engineering, site development, and water/wastewater systems. We take pride in offering a civil engineering internship program tailored to apply your academic knowledge to practical engineering endeavors.

Our internship program encompasses the following components:

- Field surveying (2-4 weeks)
- Computer-aided design and drafting (CADD) (4-6 weeks)
- On-site construction visits and observation (3 days)
- Engagement in special projects (1-2 weeks)

Minimum Requirements

- Enrollment in a Civil Engineering program working toward a Certified Engineering Technician, Bachelor of Science, or an advanced degree.

Preferred Qualifications

- 0-2 years of relevant civil engineering experience
- Proficiency in AutoCAD/Civil3D for design and drafting tasks

We offer standard business hours with low overtime; company sponsored employee events; and extensive, on-the-job training.

Anderson Bogert is an Equal Opportunity Employer.

If you would like to be considered for this position, submit your resume and cover letter via email to: kschmidt@anderson-bogert.com
