EMPLOYMENT OPPORTUNITY

Survey and Drone Technician

Anderson Bogert has an immediate opening for a Survey & Drone Technician.

Do you enjoy working outdoors, operating cutting-edge technology, and seeing projects come to life?

At Anderson Bogert, you'll work with experienced survey professionals using robotic total stations, GPS equipment, and drone technology to support infrastructure projects throughout Eastern Iowa. Every day is different, you'll collect field data, assist with construction staking, operate advanced survey equipment, and help engineers and surveyors deliver projects that improve local communities.

Anderson Bogert is a locally owned civil engineering and surveying firm specializing in transportation, municipal infrastructure, land development, and utility improvements. We believe in developing our employees through mentorship, hands-on experience, and opportunities to grow in a collaborative, team-oriented environment.

Position Summary

We are seeking a motivated Survey & Drone Technician to join our survey team. This position is ideal for someone who enjoys working outdoors, learning new technology, and solving real-world problems. Experience with surveying or construction is preferred but not required, we are willing to train motivated candidates with a strong work ethic and an interest in surveying technology. You'll work alongside experienced survey professionals using robotic total stations, GPS equipment, and drone technology on projects throughout Eastern Iowa.

Duties

- Assist with boundary, topographic, and construction surveys
- Perform construction staking for municipal and site development projects
- Operate robotic total stations, GPS equipment, and data collectors
- Assist with drone flights for aerial mapping and data collection
- Collect accurate field measurements and documentation
- Work closely with surveyors, engineers, contractors, and project managers
- Maintain survey equipment and vehicles
- Occasionally assist with processing field data and preparing survey deliverables

Skills Necessary

- Exercise sound judgment
- Ability to work independently

Minimum Qualifications

- High school diploma or equivalent
- Basic computer and documentation skills (Microsoft Office, Internet)
- Valid Iowa driver's license, and insurability approval by Anderson Bogert's insurance provider
- Ability to Learn

Preferred Qualifications

- Associate Degree in Civil Engineering Technology, or related field experience, from an accredited post-secondary institution
- Three years of relevant field surveying, construction staking, and/or mapping experience
- Familiarity with Robotic Total Stations and GPS
- Ability to demonstrate knowledge of CADD utilizing AutoCAD Civil 3D
- Ability or experience with drones in field survey application

Don't meet every qualification? We encourage you to apply. We value a positive attitude, strong work ethic, and willingness to learn, and we'll provide training for the right candidate.

Why Anderson Bogert?

You'll be part of a close-knit survey team where your contributions matter. We invest in our employees by providing hands-on training, mentorship, and opportunities to work with modern surveying technologies, including GPS, robotic equipment, and drones. Whether you're beginning your career or looking to expand your skills, you'll have the opportunity to grow with a respected local engineering and surveying firm.

We offer competitive compensation, standard business work hours, paid time off and holidays, health and life insurance, a retirement plan, company-sponsored employee events, extensive on-the-job training, continuing education opportunities, and a supportive, team-oriented work environment with an open-door policy that encourages collaboration and professional growth.

An Equal Opportunity Employer.

If you're looking for a career that combines outdoor work, technology, and the opportunity to make a lasting impact on projects throughout Eastern Iowa, we'd love to hear from you. If you would like to be considered for this position, submit your resume and cover letter via email to: kschmidt@anderson-bogert.com.
