Our Mission

...

Blue Care Medical Academy's mission as a certified nurse aide training program is to create an excellent environment in which to train nurse aides. We will strive to provide a place of excellence for students to learn and practice the entire required state approved curriculum for nurse aides.

We are committed to training nurse aides that will be ready to participate in the health care industry with confidence. Our graduates will be able to face any challenge before them. They will be ready to enter the workforce and make a positive difference in people's lives.

We feel it is our honor and privilege to be a part of the training of nurse aides. We look forward to having our graduates go forward into the community as a positive and caring part of the health care industry.

We look to the future needs of our community for well trained and caring nurse aides and hope to fulfill these needs through our program. Always keeping in mind, the importance of a highly trained nurse aide as the front line of patient care in any setting.

Our student's commitment: To go forth, always striving for excellence & to deliver high quality and compassionate healthcare care to each patient every time.

Blue Care Medical Academy is thankful for this opportunity to be of service to our community.
