

# New Classes Coming March 2019

## Applications can be submitted starting Monday January 14, 2019

### Phlebotomy Technician

This Program will be 8 weeks (80 shared clock hours) on Tuesday and Wednesday nights 5pm-10pm.

### Electrocardiograph Technician

This Program will be held on Friday of each week for 5 weeks (40 clock hours) 8am-4:30pm.

The National Healthcareer Association is a national professional certification agency for healthcare workers.

Students who successfully complete our 8 weeks Phlebotomy Technician program will be awarded a Certificate of Completion and will take the National certification exam to become a Certified Phlebotomy Technician (CPT) through NHA. Students will be given their certification exam at the school after meeting all program requirements.

Students who successfully complete our 5 weeks Electrocardiograph Technician program will be awarded a Certificate of Completion and will take the National certification exam to become a Certified EKG Technician (CET) through NHA. Students will be given their certification exam at the school after meeting all program requirements.
