Blue Care Medical Academy, LLC Electrocardiograph (EKG) Technician Program is a 5 weeks course consisting of 40 clock hours. Class meets one day a week on Friday for 8 hours from 8am-4:30pm.

Upon successful completion of this program, the student will receive a Certificate of Completion. Additionally, completion of the program qualifies student to test for national certification to become a Certified EKG Technician (CET) through NHA. Student may also be eligible to test for several other national certification organizations.

Prospective students who are interested in attending class can contact our main office at 662-253-8543. Also, we can be contacted by email at enrollment@bluecaremedicalacademy.com or web @ www.bluecaremedicalacademy.com.
