

HSEQ-PD-002 Environmental Policy

BLC Electrics Pty Ltd is a business that specialises in all forms of Industrial, Commercial and residential work. This includes Hospitals, Food and medical manufacturing industry and residential new builds.

BLC Electrics recognises the importance of protecting the environment for the benefit of our employees, contractors, apprentices, visitors, and our wider community which may be impacted by Company products and services. Our commitment is to deliver our projects with little to no impact to the environment.

BLC Electrics is committed to:

- Fulfil and meet legislative and all other requirements
- protecting the environment including prevention of pollution and other specific commitment(s), by monitoring the activities under Company control
- conducting business with suppliers and subcontractors who also have a commitment to responsible environmental management
- continually improve Company environmental management performance by regular reviews and setting realistic environmental objectives and targets, to enhance environmental performance

Compliance with this Environmental Policy is mandatory for all employees, contractors, apprentices, visitors and other persons potentially impacted by BLC Electrics. Through ongoing instruction and training, employees, contractors, apprentices, visitors and other persons potentially impacted by BLC Electrics will be capable of meeting the objectives of this Policy.

BLC Electrics is committed to:

- conducting regular environmental inspections and audits of our operations to ensure waste and pollution are prevented or minimised and energy efficiency is maximised
- maintaining a commitment to continually improve environmental management via our business activities to actively reduce our carbon footprint
- maintaining a framework for reviewing environmental objectives and targets through analysing the environmental risks at each new site
- cooperating with appropriate authorities and ensuring all licences, approvals and permits are current
- developing and implementing emergency plans to minimise any adverse environmental impact.
- through employee awareness programs and stakeholder engagement promoting the protection and enhancement of biodiversity and ecosystems

Management fully endorses this Environmental Policy.
