GREENLINE AUSTRALIA

Protecting ourselves is as important as protecting the *environment.*

Greenline Australia manufacture and supply **Greenline Cleaning Products**, a superior cleaning quality and safe range of **green certified and food-safe cleaning products** catering for the cleaning requirements of any operation.

Process & Manufacturing : cleaning products

Protecting ourselves is as important as protecting the *environment*.

Greenline Australia manufacture and supply **Greenline Cleaning Products**, a quality range of **green certified and food-safe cleaning products** catering for the cleaning requirements of the entire operation of **any processing and manufacturing company**.

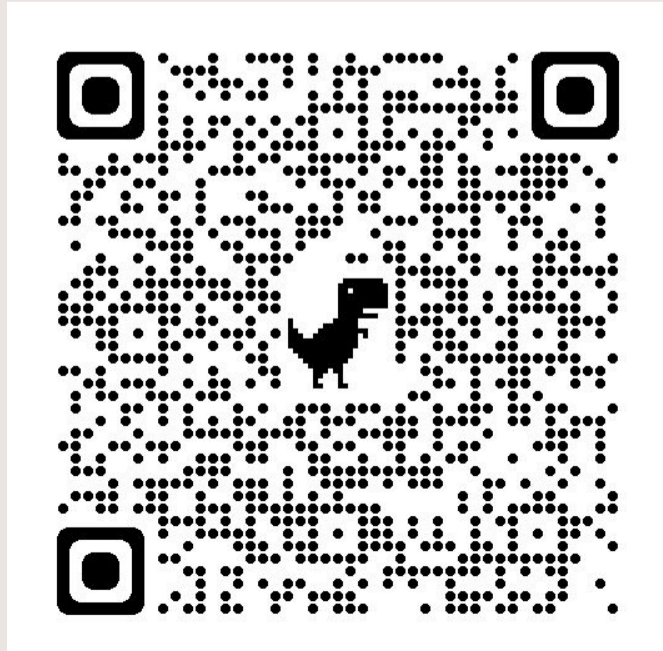

Greenline are 'all-in' when it comes to respecting our planet. **We are driven by the desire for a cleaner, safer world with the ultimate goal of an improved quality of global health, well-being and happiness.** We want to make sustainability accessible to everyone, reaching all areas of the community.

At Greenline, we are dedicated to **closing the loop on plastics** by picking up the empty large bottles from our clients. As a client of Greenline, **you are creating positive change** by treading more lightly on the planet by keeping them in a closed loop system.

The facts today...

Toxic Facts	Greenline Solutions
<ul style="list-style-type: none">• Toxic cleaning chemicals easily find their way into soil, air, water, and food causing a negative impact to humans, animals and the environment itself.	<p>✔ Greenline products are made from natural ingredients making them safe for the environment.</p>
<ul style="list-style-type: none">• Apart from sharp equipment, cleaning products and chemicals are one of the most common hazardous substances used in the workplace. Toxic chemicals may cause burns, skin irritation and respiratory harm to staff and customers.	<p>✔ Greenline products are safe when inhaled by humans and animals.</p>
<ul style="list-style-type: none">• Skin has no safeguards against toxins.	<p>✔ Greenline products do not contain bleaches, chlorine or quaternary ammonium.</p>
<ul style="list-style-type: none">• Absorbed chemicals go straight to our organs.	<p>✔ Greenline products are safe when in contact with skin.</p>
<ul style="list-style-type: none">• Fragrances which are synthetic are often used mask the smell or VOC's from strong toxic chemical. They can be a combination of up to many chemicals filed under the one ingredient name. <p>Cleaning products with fragrance can cause allergic reactions, cause hormone disruption, and also impact your immune system, and chemicals.</p>	<p>✔ Greenline products do not include dyes or fragrances.</p>

 **industrial degreaser & sanitiser**
eliminates tough industrial grease and grime

Client Testimonials

01

OzHarvest - Refettorio

“We have a chef with really bad psoriasis and since we have changed to using Greenline products it has completely cleared up. The fact that we can leave the empty bottles and Greenline will come and collect them to refill them is one of the best things!”

02

Shuk Bondi

In the kitchen you are generally breathing in a lot of the chemicals all day long. With Greenline we don't don't need to worry about that. It gives us a strong clean while being environmentally friendly.

03

Crystalbrook

“We're thrilled to provide both our guests and collaborators with a healthy, sanitised and clean environment, whilst having minimal impact on our planet.”

Some of Greenlines clients include:

Closing the
loop on plastics

At Greenline we are dedicated to closing the loop on plastics by picking up the empty bottles from our clients.

As a client of Greenline Australia, you are creating positive change by treading more lightly on the planet by keeping them in a closed loop system.

Our Social Impact

Every time you shop with Greenline, we donate 2.5% of our earnings to OzHarvest who rescue and redistribute surplus food to charities who support those doing it tough.

For every \$1 we donate, OzHarvest can deliver two Meals to people in need.

Greenline Membership

We have launched a new Greenline Member program to recognise businesses that have committed to using Greenline cleaning products and are working towards a toxic-free, chemical-free business.

We've made it easy to share your contribution to protecting the environment with your staff, customers and friends.

Here are the perks of having a Greenline Membership:

- Our Membership badge/ window sticker allows easy identification for your clients, knowing that your business is striving and making a connection to the environment and protecting your workforce and customers.
- When you become a member, you will receive a digital media kit to help promote that you are a Greenline approved member.
- Additionally, we close the loop on plastics by picking up the empty bottles and reusing them. By doing this you are taking another positive step to reduce your impact on the planet.
- Finally, we donate 2.5% of our earnings to OzHarvest to help people in need. This means that for every \$1 we raise equals 2 meals served. Every time you shop with Greenline you are making a difference to someone's life.
