

BENEFITS OF GHK-Cu

GHK-Cu = GHK copper peptide

★ LifeWave X39™ is designed to elevate the naturally occurring GHK copper peptide in our body (GHK-Cu)

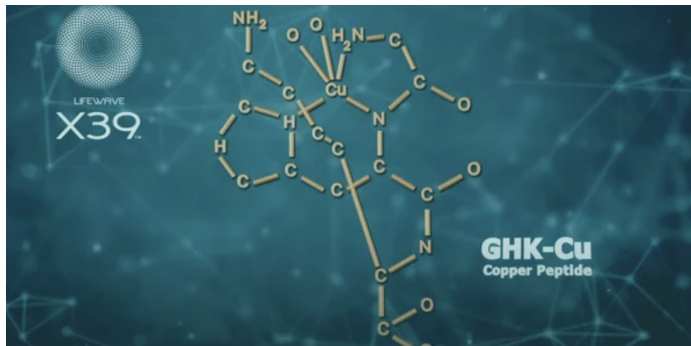

THE PROBLEM

- **GHK-Cu declines significantly with age**
- In fact, after the age of 60, your **levels of GHK-Cu** have dropped by more than 60%.

THE SOLUTION

- One of the many benefits of elevating GHK-Cu is that it then **activates our own stem cells!**
- **GHK-Cu resets the genes in the body to a younger, healthier state**
- GHK-Cu can directly **modulate over 4000 human genes** and more importantly can reverse gene expression to a more youthful healthier state producing an anti-aging effect
- GHK-Cu **regulates gene expression** in the process of stem cell activation
- Independent third-party clinical studies on GHK-Cu have determined remarkable benefits including, support of the **body's natural wound healing** process

GHK-Cu BENEFITS

★ LifeWave X39™ is designed to elevate the naturally occurring GHK copper peptide in our body (GHK-Cu)

GHK-Cu Can Do the Following:

- Increase stem cells
- Activate over 4000 genes to more youthful levels
- Promote organ regeneration
- Repair DNA damage and promote DNA repair
- Produce anti-aging effects at a cellular level
- Protect skin cells from UV radiation
- Stimulate the production of **collagen**
- Suppress the production of fibrinogen which reduces the tendency of forming blood clots in the circulatory system
- Stimulate wound healing
- Reduce inflammation and free radical damage
- Promote hair growth and thickness, enlarge hair follicle size
- Reduce pain
- Reduce anxiety
- Improve blood flow in tissues
- Tighten loose skin & increase the thickness of aged skin
- Improve skin hydration & overall skin appearance
- Improve skin firmness, elasticity, and clarity
- Reduce the appearance of fine lines, depth of wrinkles, and improve the structure of aged skin
- Reduce photo-damage, mottled hyperpigmentation, and skin spots
