## Healed in 5 Days

My son had a bad snowboard accident where he hit a rock with his face. Fortunately, he had only a bruise under the eye and the nose, but deep scrapes all over his face and he had an appointment on Monday for a new job!! So, he applied X39™ on his body for 3 days and just have a look at how quickly and perfectly his skin healed, there isn't even a trace of a scar on his cheek within 5 days.

## The doctor was amazed at how quickly I was healing

I had an accident, which caused a deep laceration on my left shin. It required 10 stitches on the outside and 2 on the inside. The doctor said "your one lucky dude you just missed the nerve by a hair." It was about a 3-inch laceration and I could visually see my shin bone. Yes, not for the faint of heart. I used X39™ near the area and as illustrated in the instruction for use. In the second picture, which was just 4 days after the accident, you can see very little swelling and redness reduced. One of the things that I noticed was that I had a severe reduction in aches and discomfort around the area. Even the swelling was minimal. On day 8, I was hopeful I could get the stitches out. The doctor said she was amazed at how quickly I was healing and how good the wound looked. The stitches were removed, and the doctor released me and said I was good to surf and resume normal activity the next day! I am so impressed at my progress and how incredibly fast it healed. ~ JIM L.

## Fingertip Grows Back

A 6-year old's fingertip got separated from in a door. The doctor said the only thing to do was a skin graft, but the dad insisted that the doctor reattach the fingertip. The doctor said "ok, but the tip will die off in a few days". Immediately after surgery the dad started with X39 and Canosine, and look at the results after 2 months! The

doctor was amazed and said "even if this were possible, it would have taken over a year to do this".

## Incredible results after Only 3 months

Day 100

**My Skin Looks Much Younger and Healthier** - I have noticed after I have been using X39 for 2-3 weeks my skin looks much younger, healthier and shines 24/7 with or without make up. I am so excited, thank you for this discovery! ~ BETTY ASLANIS

**The pain went away immediately** - The patches work great, the first 2 times I put the patches below my belly button, and it took a while about 1 to 2 hours before I noticed a difference, the pain level went down to about 2, then I changed and placed the patch on my sore spot, the pain went away immediately. Today - my 4th patch, same on my sore spot, and went to karate, I did not notice any pain at all, for karate, the hip is the most important part of your body, because every move starts from the hip. ~ G

**The effect is almost a miracle!** - I hurt my lower back, which also caused pain in one leg. It's the most painful experience I've ever had. For the past several months I've had cortisone injections and physical therapy which have helped somewhat although I still was unable to walk normally. As soon as I started using the X39™ the pain went down almost immediately, and I was able to walk again without limping. I don't want to exaggerate but the effect is almost a miracle! ~ LILY

**I feel more focused, energetic and youthful** - Having had back pain for over 20 years and using cortisone shots with osteoporosis side effects, I got introduced to LifeWave in June 2017. LifeWave changed my life towards a healthy and wealthy life. No more back pain or any other type of problems. I was very happy with the LifeWave patches before I got introduced to the X39™. After 1 week I feel more focused, energetic and youthful using it. ~ FARRAH BAHAMIN

**After 9 months of pain, I'm back at the gym** - Shelley, my wife has gone to the gym, lifted, yoga, aerobics, and a serious cyclist for the last 20 years or more. About 9 months ago she got hip bursitis and had to totally stop. She was in serious pain. We tried everything. Every time she would try to do anything at the gym or biking she had to quit. After beginning to wear the X39™ patches, she didn't notice the results as quickly as I did, but slowly she started noticing that she was in less pain. She now has started back at the gym and is very excited about how this has changed her life for the better. She has also struggled for a few years with arthritis in her hands and that is not bothering her this winter. Shelly and I will never stop using X39™! ~ DAVE COX

**My recovery times after training have been phenomenal** - After using X39™ for a month I can honestly say without a doubt that it works! I'm a competitive cyclist as well as a busy husband and dad that works every day. Ever since I started using X39™ I've been less tired with higher mental awareness with less physical and mental fatigue. My recovery times after training have been nothing short of phenomenal. With a faster recovery time I'm able to push 100% the next day. ~ SHANE

**I am sleeping even better** - I have more sustained energy during the day, and I am sleeping even better at night. I didn't think I could sleep better given the fact that I wear Alavida, but I am sleeping even better. Thank you for this truly awesome new patch! ~ RHONDA WALKER

**My hairdresser was amazed how fast my hair grew back** - I have to share. So many women have thinning hair and spend a lot of money on hair care products that are not effective! I know because in the past up until recently, this was me. X39™ is super amazing. I chopped off my hair to shoulder length in November and my hairdresser was amazed how fast it grew back when he saw me a couple of days ago. ~ MITZI AMBROSIO

**Pain is diminishing... more energy** - I've been using X39 since June, right now I relieve my pain in my right wrist, which I had problems with over 40 years, it's diminishing. I've experienced more energy and tightening of the skin in the face, hurry for the X39™. ~ FREDDY JØHNK
