

Summer News Letter 2024

Dear fellow animal lovers,

We've finally succumbed to the chaos and our souls are now officially owned by the IRS, FTB, and DOJ, but hey, at least we can focus on helping animals now.

On a more serious note (just for a moment), we're dedicated to providing love, care, and dignity to all animals, even the ones that plot against us in our sleep.

Recent successes include:

- Keeping a pug from returning to the shelter
- Uniting a pack of 6 puppies with forever families at Wags and Walks in LA (their mama found a loving home too, because who can resist a cute puppy face, even if it's a tiny dictator)?
- TNR'ing 4 feral cats, giving them a second chance at life, and a chance to plot their feline takeover
- Finding forever homes for 1 adult cat at One Living Sanctuary, because older cats need love too, and a place to scheme

Thanks for joining our merry band of animal rescuers, where the reward is love, slobbery kisses, and the occasional 3 am feeding. Stay tuned for more updates, and remember: adopt, don't shop (unless it's for coffee, then shop 'til you drop).

Warm regards,
Wayward Souls Rescue
