

**Being PRO-LIFE is about understanding and appreciating the value of humans at all stages of development and in all circumstances.**

Our society often undervalues the elderly and as a result, many feel lonely, neglected, and underserved. Instead of increasing community and support for the elderly, Canada has legalized euthanasia.

The simple solution is to spend more time loving the elderly in our communities.

**CHALLENGE:** We hope this inspires you to visit and spend more time with your grandparents or an elderly friend. And if you don't have an elderly person in your life, why not get involved in our **INSPIRE HOPE** program where we'll connect you to someone in a long-term care residence who is in need of hope and encouragement.

## REASONS

— why we —

*elderly people!*

- They are always free to hang out and give advice.
- They teach us from their life experiences.
- They create an opportunity to serve and demonstrate love.
- They have a lifetime of great stories to share.
- They know all the lyrics to the golden oldies.
- They pray for us.
- They remind us to be true to who we are and our convictions.
- They make us cry with laughter.
- They have all the best family recipes.
- They remind us that attitude matters more than age.

**DO NOT COMPLAIN ABOUT GROWING OLD.  
IT IS A PRIVILEGE DENIED TO MANY.**
