Technology

OMG Solutions' product PYROsolve is *The New Evolution in Fire Fighting*. PYROsolve is a non-hazardous, non-toxic and PFAS Free Wetting Agent / Universal 3-6% Foam. The solution can be applied as a liquid or a foam. PYROsolve performs to the new MIL-Spec standards. If the ignition source is hydrocarbon based, it is remediated at the same time. PYROsolve's sister products; The ELMN8 Product Line, has been proven in the Remediation Industry over the last 8 years.

This Universal Product is Non-Hazardous, Non-Toxic and PFAS Free and out performs the Old Aged Toxic AFFF!

Costs

**\$250 per 5 Gallon Jerrican (\$50 per Gallon)
(Sold in Sets of 5 or more Jerricans)**

\$12,375 per 275 Tote (\$45 per Gallon)
