## About Us

After being arrested and going to jail, my life was changed forever. I went from being an arrogant alcoholic to a sober shepherd. After giving my life to Jesus, I began to share my story and preach the Gospel to many. I love investing time and effort into building up the next generation of leaders. I do this through intentional 1 on 1 discipleship and mentorship with young men.

My message is simple and it's for everyone: your past does not define your present. No mistake, no regret, no amount of shame or guilt, can separate you from the love of God or His purpose for your life.

The name, idea and vision for "UnXDisqualified" stemmed from my arrest footage going viral on every social media platform you could think of- 3 years after the incident. I thought to myself, how many people (right this second) feel unqualified *for* and disqualified *from* God's love. Whether it be from a mistake that they've made or regret that they are living with. It can certainly eat away at you if you allow it to.

I want to reach as many people as possible with my story and the message of Jesus Christ. From prisons to churches (and everywhere in between) I want to encourage others that their story is still being written and that the Author is not done with them.

We are a 501(c)3 non-profit organization and are always looking for ministry partners to help advance the Kingdom of God.

# Vision and Mission

## Vision

We want to be a multi-faceted ministry that provides different resources and services with one common result: a deeper love *for* and thriving relationship *with* Jesus Christ.

## Mission

To encounter and encourage those who feel unqualified *for* and disqualified *from* their God-given purpose.

# Resources

## Prison Ministry

Our goal is to go into all 33 prisons in California to preach the Gospel. We will film services, collect testimonies from inmates, hold worship services, partner with Christian Hip Hop artists, create social media content of what God is doing behind bars, and so much more.

## Podcast

On the "**Brick by Brick**" podcast, we will be sharing real stories from real people who have been transformed by God's grace. God is a builder and whether you know it or not, you are always building something. This podcast will strengthen, encourage, motivate, and build you...**brick by brick**.

# NextGen in California

According to the results of a survey commissioned by the California Endowment in 2022, young adults are suffering from mental health challenges at alarming rates.

Young adults need to feel heard, important, and most of all loved. Young people need mentorship during the most pivotal years of their life. They need community. Our desire is that we can pour into the lives of young people and give them an opportunity to find their true identity and walk into their God-given purpose.

Our NextGen Retreats for young men is just one way that we can accomplish this. There is nothing more valuable and impactful than *time spent*.

# Incarceration in California

## Target #1

199,000

*Individuals locked up in  
various facilities*

## Target #2

>43%

*Have been diagnosed  
with mental health  
disorder*

## Target #3

65%

*Have a substance abuse  
problem*

With an incarceration rate of 494 per 100,000 residents, California locks up a higher percentage of its people than almost any democratic country on earth. More people behind bars= more people who need a message of hope. The amount of inmates with a substance abuse problem is alarming as well and needs to be addressed with a message of hope and new life.

When I went to preach at a prison for the very first time, I witnessed an inexplainable joy. I told over 500 inmates that day that there was more freedom in that prison chapel than there was in most churches. These individuals are humans who have made mistakes, just like you and I. I believe that their stories need to be heard and seen. We will be able to tell the stories that they are unable to tell...to the world.

# Goals and Timeline

Phase 1	Fundraising for ministry launch, podcast launch
Phase 2	Obtain sufficient funding for starting prison ministry
Phase 3	Develop relationships/partnerships with retreat locations/financial assistance
Phase 4	Employ member(s) to the team when funding is recurring
Phase 5	Sustainable men's retreats, podcast, prison ministry (traveling to all 33), preaching consistently

These are only phases of some aspects of the ministry. Sufficient funding will be necessary for the following to be excellent and consistent: podcast space, film equipment, podcast platforms, media team, travel costs, food costs, retreat stays and activities, study material, coursework for discipleship, etc.

With your help, we will be able to go on mission to help others discover and walk in their purpose. We are only able to accomplish all of these things through the generosity of others. Please consider partnering with us as we strive to deliver a message of hope, help people conquer their deepest fears/regrets, and encourage them to step into their true identity.
