

CAPABILITY STATEMENT

Nicole Grajek, PT, DPT, MBA, PMP

(773) 450-1985

ptgrajek@gmail.com

PT Grajek Corp

Core Competencies

PT Grajek Corp provides project management services with expertise in the healthcare and IT sectors to empower organizations to successfully execute their projects, ensuring seamless project completion and exceptional results.

- Project management: documentation management, team and stakeholder organization, risk management, budgeting, resource allocation, evaluation
- Healthcare expertise: clinical supervision, compliance, case management, medical knowledge, EHR understanding
- IT: system interoperability (HL7, FHIR), quality assurance
- Documentation review: healthcare utilization, accuracy, medical compliance at a new document for each agency, prime or teaming opportunity

Past Performance

Managed seven concurrent technical assistance projects focusing on system interoperability for a non-profit agency working in collaboration with state immunization information systems and federal agencies (CDC, VA, DoD, EDN) through the project lifecycle tracking all milestones to ensure completion of deliverables within given timeframe.

Provided subject matter expertise by reviewing home health documentation for agencies across the country to assist with Medicare compliance and merges and acquisitions for a multi-million-dollar leading provider of clinical documentation review.

Differentiators

Adaptability to changing technology: stays focused on continuing education and automation efforts incorporating artificial intelligence.

Located near Chicago and major airports with ability to reach clients locally and nationally promptly.

Client-centric small business, dedicated to prioritizing clients' needs using adaptability and agility to respond quickly to evolving demands.
