The invite code is a secret between the patient and the healthcare provider with whom you are connecting. Remember, if you are setting up a proxy account for a child or dependent adult, the code applies to that patient and will be the his/her last four digits of social security number or year of birth (unless you were given a specific invite code from the provider for that patient).

For more information, please refer to the invitation email you received from noreply@followmyhealth.com or contact your provider.

Next

Enter your invitation code. Please refer to your invitation email for this information unless you were given a code by your Organization.
