BCI SERVICE

We offer a variety of electrical and life safety services, including monitoring, extended warranty, service agreements, and fire alarm inspection, designed to meet the specific needs of each facility we service.

Our highly trained staff can service all types of fire alarm, security, communication, and sprinkler systems, regardless of the size, complexity, or system manufacturer. We work with a variety of electronic system vendors to bring you the systems and prolonged service you need to make your network last.

We offer unique services like 24/7 optical fiber maintenance using cable splicers and testing technology to maintain your uptime at all hours of the day. We can also help you control your access control or video management firmware upgrades, so you don't lose your settings or data.

We provide:

- ✓ 24/7 Service Rapid Response Time
- ✓ Qualified Service Specialists
- ✓ Service Contracts Available

MANAGE ALL MONITORING WITH ONE COMPANY.

When partnering with BCI, all your fire and security monitoring needs 24/7/365 can be managed via a single point of contact, avoiding the hassle of juggling multiple vendors. We customize an inspection/certification program that works best for you and most effectively for your systems.

We consult with you to create a plan that works for you.

A service representative will meet with you, tour your facility if necessary, and develop a service plan that will ensure your systems are tested and certified to keep them in compliance with your local Authority's Jurisdiction requirements.

Our service offerings include:

- ✓ Fire and burglar monitoring
- ✓ Fire, sprinkler and kitchen hood inspections
- ✓ Extended Maintenance Programs
- ✓ Service Agreements
- ✓ Fire Alarm Inspection
- ✓ Extinguisher inspection and certification
- ✓ Deficiency repairs on all equipment
- ✓ Parts replacement
- ✓ After hours emergency response
- ✓ New fire alarm and security systems

Upon completion of service, we will provide you with the required documentation as outlined by the National Fire Protection Association and as accepted by your local authority.
