

NATIONWIDE INTEGRATED BUILDING SYSTEMS PROVIDER

Director's Statement

Marva L. McMillen
Owner and CEO

Being born and raised in Western South Dakota on the Cheyenne River taught me a lot about resourcefulness, and making do without much. I make sure throughout our organization that all of my employees and customers are treated like family because we all depend on each other to communicate and keep people protected and safe.

I was raised knowing the value of a dollar and take to heart that our customers trust us to go above and beyond to do the right thing both in the design, installation, and service of their systems to receive as much as their budget affords.

My promise to you is that we will always be open and honest and work hard regardless of the time or the day. If ever there is an issue that is not resolved or does not meet your expectations, I am always available to all of our customers night or day.

Marva L. McMillen

Email: mmcmillen@midwestalarm.com

Why Customers Choose Us

Professional Staff

Our nationally recognized and award-winning field technicians, engineers, and support staff rank near the top of the industry for years of experience

Attention To Details

We never cut corners. That's why our company ethos is, "Do the right thing, and success follows." It's the reason we are invited to projects nationwide.

Love & Passion For What We Do

Dozens of our employees have first careers in the military, law enforcement, and emergency response. We really care about your safety and protection.

"I was raised knowing the value of a dollar and take to heart that our customers trust us to go above and beyond to do the right thing..."

WE PROVIDE FIRE AND LIFE SAFETY SOLUTIONS

BCI Integrated Solutions is a boutique integrator of fire alarm and life safety systems across Florida and the United States. Our goal is to provide cost-effective solutions to protect your staff, clients, and assets, and we can bring our customized systems to any commercial market in need.

WHY US

Midwest Alarm dba BCI Integrated Solutions is a certified electrical contractor and provider of specialized innovative electronic building solutions and low voltage systems. In operation for over half a century, we maintain our own central station as well as installation, design, and service offices.

We provide a variety of solutions, plus testing and inspections, for the following systems:

FIRE ALARM

SMOKE CONTROL

EMERGENCY HELP POINTS

MASS NOTIFICATION

We host an in-house team of certified professionals who can provide you with the robust design, installation, and longevity your alarm or notification system will need. Our team carries some of the most important certifications for fire alarms and life safety systems, including NICET, FASA/BASA, relevant NFPA certifications, and many vendor-specific certifications.

About BCI

Midwest Alarm, dba BCI Integrated Solutions, is a private woman-owned business established in 1967 and is among the largest providers of Electrical, Audio Visual, Life Safety, Security, Nurse Call, and Structured Cabling solutions in the United States, proudly serving family businesses to the Fortune 500.

BCI is headquartered in Sioux Falls, South Dakota, with a Southern headquarters in Tampa, Florida, with offices in Ft. Myers, Orlando, Jacksonville, Atlanta, Dallas, Omaha, Sioux City, and Minneapolis. We have built solid relationships with prestigious and in-demand clients and contractors by providing superior service and support. We continue to grow, expanding nationwide project capabilities, with offices across Florida, Georgia, Texas, South Dakota, North Dakota, Iowa, Minnesota, and Nebraska.

**Take care of our customers,
and our customers will take care of us.**

From our inception over half a century ago, we worked with both end-users and contractors as we developed relationships with key suppliers. We expanded our solutions based on customer demand, acquiring Baytown Sound, Acme Communications, and 3D Solutions.

In 2004 we added key employees to focus on integrated solutions, allowing us to meet all our customers' low voltage needs. In April 2005, we changed our name to BCI Integrated Solutions to better reflect the enlarged scope of our business. By 2013, our growth and expertise would catapult us into landing the largest-ever low voltage job at MacDill Airforce Base.

In April 2021, we acquired United Security Alliance, Inc, expanding our security expertise. It was at this time we were awarded a MultiAuthority Jacksonville Security Contract valued at \$15.6 million. Our employees' experience and professionalism allow us to provide you with the service and follow-up you expect from a professional contractor. We believe in ongoing training for our employees so that we can design and install the highest quality systems utilizing the latest tools and technology. From system design to installation and service, BCI Integrated Solutions has the experience to handle any size project. Let us show you how we can deliver the systems you expect.

BCI was founded on a basic principle: Take care of our customers, and our customers will take care of us. From this basic principle, our business has naturally expanded over the years. We have had the opportunity to provide integrated systems to Fortune 500 companies, commercial businesses, educational facilities (K-12 & higher education), government buildings, healthcare facilities, hospitality locations, and large venues.

In October 2021, BCI Integrated Solutions acquired Pelican Electrical Group. Pelican and BCI have a long history of working jobs together, so the acquisition was a perfect fit. In May 2022, BCI further added to its electrical contracting capacities by acquiring JN Electric of Tampa Bay.

We are excited to offer our customers electrical and low voltage solutions creating a one-stop provider. To date, our growth has led us to house over 400 employees and expand across several states, competing for some of the largest electrical and building technology projects in the United States.

ALFRED A. MCKETHAN FIELD

UNIVERSITY OF FLORIDA - GAINESVILLE, FL

BCI Integrated Solutions has completed another successful installation for the University of Florida's Baseball Team. This system consisted of both audio visual and broadcast cabling for the baseball stadium, Alfred A. McKethan Field.

The audio visual system consisted of a distributed PA system with community speakers and a QSC core infrastructure, control, and amplification system.

Localized audio visual systems were provided in key areas for meeting rooms, club room, suites, pitching/batting tunnels, and more. Over 100 TVs and 200 speakers were installed to reinforce the game in public spaces.

Over 10 miles of Broadcast Cabling consisting of Triax, SMPTE, CAT6, and RG11 were installed. This broadcast cabling system allows the school's sports network Gatorvision the infrastructure necessary to film and broadcast each game. Over 20 locations were distributed around the stadium for the connection of this equipment.

ANDRETTI INDOOR KARTING & GAMES

ORLANDO, FL

BCI Integrated Solutions contracted directly with Andretti Indoor Karting & Games Orlando to provide them with the high-end audio visual, security, and monitoring systems they needed to make their business a lasting success.

Andretti Indoor Karting & Games Orlando's ambition inspired us to install some of our most impressive solutions to serve their needs:

- Security systems, including camera installation, video management, and access control systems;
- Audiovisual television and wiring installation, including an increasingly popular "2x4 video wall" for the Andretti Grill and television installation throughout the facility;
- Fire alarm and wifi system installation on the racing tracks and throughout Andretti Orlando;
- Data management, including network installation, data center buildout, and cabling.

BCI performs its design process for every technology solution in-house, allowing us to easily coordinate our technology to Andretti Karting's specifications.

CARDINAL LG

OCALA, FL

BCI Integrated Solutions finished a large new construction project for the new Cardinal Glass Technology Center in Ocala, Florida.

BCI provided engineering, installation, programming, and testing for a variety of systems throughout the facility, including:

→ Audio Visual System:

- Direct-view LED Video Wall
- 86" commercial-grade interactive monitor
- 100" commercial-grade monitor
- Web conferencing equipment: wall-mounted pan tilt zoom (PTZ) camera, overhead microphone system, ceiling recessed speakers
- Wireless presentation devices
- Wall-mounted touch panels

→ CCTV:

- 25 Costar Cameras
- 6 Fisheye 360-degree Cameras complete with advanced analytics throughout the facility

→ HVAC Controls:

- Spyder BACnet Controls
- Thermostats/Controls wiring
- Temperature Pressure Sensors
- Humidity Sensors
- Programming for complete building automation

→ Access Control:

- Airphone Video Entry System
- Honeywell Niagara Access Control
- Access Control HVAC integration

→ PA System:

- Valcom Paging System

→ Voice Data:

- Panduit Solution / Fiber / Structured Cabling

→ Fire Alarm:

- Silent Knight Fire Alarm System

DADE CITY POLICE & CITY HALL

DADE CITY, FL

The Dade City Police Department received a new building to house their 21,000-square-foot municipal complex with a 190-seat city commission chamber, new police station, and emergency operations center. BCI was contracted to provide and install multiple systems, including CCTV, Access Control, Audio Visual, Fire Alarm, and Structured Cabling.

BCI provided security systems, including CCTV and access control, including a complete photo-badging system for anyone entering the station. BCI installed the structured cabling for the building's communications, as well as the fire alarm system. In addition to safety, Dade City contracted a complete audiovisual system from projectors and monitors to a full conferencing system.

FOUR SEASONS RESORT

ORLANDO, FL

BCI Integrated Solutions was contracted to provide a Fire Alarm System, Voice/ Data Structured Cabling, Access Control System, and Video Surveillance for the new construction of the Four Seasons Resort, part of Walt Disney Resorts in Orlando, FL.

The luxury resort hotel features several food and beverage venues, meeting and banquet facilities, a fitness center with a tennis facility and full-service luxury spa, recreational activity centers for children, extensive swimming pools, retail shops, and more.

BCI worked within the facility to ensure the best quality possible. This included adding in media converters to ensure CCTV would transfer data efficiently in both the elevators and throughout the hotel.

BCI provided and installed both access control and video surveillance in areas such as the tennis court, retail stores, and the Osprey Ridge Club Center

JETBLUE PARK

FORT MYERS, FL

BCI Integrated Solutions was contracted to provide a Fire Alarm System, Voice/Data Structured Cabling, and Access Control for the new construction of JetBlue Park/ Fenway South, the spring training facility for the Boston Red Sox.

The exterior of the facility was designed very similar to Fenway Park in Boston, MA. It has the same dimensions and has some of the main features, including the Green Monster in left field. The facility features both major and minor league teams and a rehabilitation center.

BCI provided and installed a Fire Alarm System throughout the facility. BCI also designed and installed the structured cabling for the park, including the scoreboard, Monster Bar, Monster Deck, Club House levels, and more. BCI worked within the facility to ensure the best quality possible. This included adding in access control to over 45 doors within the complex to ensure an excellent level of security.

KIRKLAND RANCH ACADEMY OF INNOVATION

WESLEY CHAPEL, FL

BCI Integrated Solutions completed a large electrical and low-voltage new construction project for the Kirkland Ranch Academy of Innovation. Formerly known as Pasco County Technical High School, KRAI is a 180,000 gsf, 2-Story building with indoor and outdoor learning spaces such as a courtyard, career and technical education (CTE) spaces, innovation hub, flexible auditorium, multi-purpose and dining space, traditional classrooms and labs, flexible “learning communities.”

BCI provided and installed various systems and equipment throughout the facility, including:

- ✓ 1 2500A Service
- ✓ 2 2000A Services
- ✓ 23 Step down transformers
- ✓ 18 277/480V panels
- ✓ 50 120/208V panels
- ✓ 1 250KW generator
- ✓ Equipment Machines for Automotive and Diesel Labs
- ✓ 65 site light poles
- ✓ Fire Alarm
- ✓ Structured Cabling System
- ✓ Video Surveillance System
- ✓ Public Address System
- ✓ Sound Systems
- ✓ Master Clock System
- ✓ Projectors
- ✓ Access Control and Intrusion System
- ✓ Electric Vehicle Chargers
- ✓ Equipment Machines for Welding Lab
- ✓ 2 Transfer switches

KPMG

ORLANDO, FL

BCI Integrated Solutions provided and installed the Structured Cabling, Access Control, CCTV, and Code Blue and Intercom Systems for the Big Four Accounting firm KPMG's Lakehouse learning and development center in the Lake Nona community of Orlando, Florida.

Spread across a 55-acre campus adjacent to Orlando International Airport, the learning center includes 800 single occupancy guest rooms, 90 "learning and innovation spaces," a 1,000-seat assembly hall, and an Ignition Center, for professional and clients meeting. The campus also offers guests multiple dining areas, a social venue, and a 15,000 square foot fitness center.

There are over 12,000 copper stations with three million feet of Category 6A cable for data, AV, exercise equipment, point of sale locations, WAPS and Security. Additionally, there are over 3 thousand strands of multimode and single-mode fiber across 38 internal IDF rooms and 4 remote locations on the campus.

BCI also provided a Salto access control system to integrate into the hotel wireless lock system and an Axis/Exacq CCTV monitoring system with 280 cameras across the campus. There were also 13 Code Blue Emergency call stations installed, Stentofon internal intercoms for door access, as well as lift arm gates at each vehicle entrance and exit.

MANATEE COUNTY JUDICIAL CENTER

BRADENTON, FL

The Manatee County Judicial Center needed some serious technology upgrades, and BCI Integrated Solutions answered the call to provide a comprehensive technology package for the facility. We installed audiovisual, security, fire alarm, and data infrastructure systems throughout the center, bringing its monitoring and communications into modernity.

The data system required over 2,000 Cat 6 drops, almost 600 fiber connections, 28 data racks, and a variety of patch panels for Cat 6 and fiberoptic wiring.

The extensive data infrastructure is used to fuel many of the Manatee County Judicial Center's necessary systems, including 125 Panasonic cameras using a Panasonic matrix. The surveillance system integrates with the access control system spanning more than 100 doors and monitors courtrooms, detention areas, jury rooms, and the exterior.

The video surveillance system also used GE Symdec DVRs to provide more than 20 days of continuous recording capability for the Panasonic cameras.

BCI also bundled a fire alarm system with our data, surveillance, and audio visual solutions to round out the building's tech upgrade.

MERIT LOGISTICS

TAMPA, FL

BCI Integrated Solutions just finished a project for Merit Logistics, which offers logistics and supply chain management services to businesses.

BCI installed Structured Cabling, Access Control/Intrusion systems, and Fire Alarm systems to enhance the security and functionality of the Merit Logistics office building. This way, they can ensure the safety of their employees, customers, and assets and improve their overall efficiency and productivity.

METROPOLITAN MINISTRIES

TAMPA, FL

BCI was tasked with adding and updating systems for Metropolitan Ministries.

Metropolitan Ministries needed systems installed for their new residential housing, Miracle Place. Along with the new systems, the existing Administration Headquarters needed updating as well. For both buildings, BCI installed a fire alarm system and voice data structured cabling. An access control system was installed as well.

PINELLAS COUNTY PUBLIC SAFETY

PINELLAS COUNTY, FL

BCI Integrated Solutions was contracted to provide and install the Structured Cabling Systems (both copper and fiber.) Access Control, CCTV, Intrusion Alarm, Fire Alarm, and Audio Visual Systems for the new Pinellas County Public Safety building in Largo, Florida.

This facility houses the Pinellas County EOC, 911 Call Center, Sheriff Department, and training facility for the county.

BCI installed over one million feet of Category 6A cabling and over 20,000 feet of 24 strand single mode-fiber into 3 Data Centers, 18 Communication Rooms, 30 Data Rack, 105 Data Cabinets, and over 5000 CAT6A data jacks.

BCI provided and installed AV equipment into 19 conference rooms, 7 classrooms, 3 large conference rooms, the emergency operations center, 911 call center, production studios, and 2 large training rooms. Systems included control systems, video walls, projectors, audio systems, and video conferencing systems.

BCI provided and installed over 100 CCTV cameras, 8 NVRs (with over 60TB of storage), access control for over 150 entry points, 12 video entry door stations, and 4 emergency call boxes for the parking garage. The fire alarm system consisted of 4 nodes connecting 4 separate buildings over fiber to the main system with 423 detectors and 409 speaker strobes.

SARASOTA ACADEMY OF THE ARTS

SARASOTA, FL

BCI has completed Phase two of a three-phase project for the Jewish Federation/Sarasota Academy of the Arts. BCI completed Phase one in May of this year. Phase one consisted of CCTV, Access Control, and an intrusion alarm for their new building. Phase two's project was a complete remodel of their existing school building. BCI revamped the fire alarm and added access control to the school building. Phase three will kick off in January 2023. We will be adding access control and CCTV to the fence along the property's perimeter.

TAMPA BAY LIGHTNING - AMALIE ARENA

TAMPA, FL

BCI Integrated Solutions has taken on many stadiums and arenas. Amalie Arena, home of the NHL Tampa Bay Lightning needed a complete fire alarm system. We did the design and installation throughout the entire arena.

Along with the fire alarm system, we also installed temperature recording integration. Temperature recording is a line of defense against the COVID-19 virus. Temperature recording can help protect your employees and customers and ensure safety for all.

TORONTO BLUE JAYS - TD BALLPARK

DUNEDIN, FL

BCI Integrated Solutions took on a large project during the remodel of the Toronto Blue Jays spring training field, TD Ballpark. The ballpark has been a home for Major League Baseball spring training for more than 40 years. This renovation provided a drastic increase in capacity, nearly doubling the number of people that could attend games. This renovation required a new PA system to ensure exceptional quality of sound and the safety of staff, players, and guests.

BCI provided the life safety PA system for this facility. This system provides audio for game announcers, background music, and life safety announcements. Touch screen controls were implemented for easy user operation. The fiber was run between rack rooms to provide a solid connection while the system is powered by battery backups to ensure the life safety aspects work even in catastrophic grid failure.

URBANIAK SURGERY CENTER

CLEARWATER, FL

BCI Integrated Solutions has finished the low-voltage and electrical project for the new Urbaniak Surgery Center, which has already opened its doors to patients.

BCI provided and installed various systems and equipment throughout the site, including:

- ✓ Renovation of the existing two-story building
- ✓ Two 800-amp services – one for the second-floor tenant and one for the surgery center
- ✓ Complete Silent Knight Fire Alarm system for the two-story building
- ✓ TekTone P5+ Nurse Call system
- ✓ 250kW generator set with three automatic transfer switches
- ✓ Generator docking station
- ✓ Lighting control system
- ✓ Site lighting
- ✓ Two surgery rooms
- ✓ One procedure room
- ✓ Five patient bays
- ✓ Four surgery room isolation panels
- ✓ Medical equipment connections
- ✓ Equipotential and fall of potential ground testing
- ✓ ACHA inspections

US COAST GUARD MARATHON STATION

MARATHON, FL

BCI Integrated Solutions just finished a major low-voltage project in Marathon Key at the Coast Guard base.

BCI provided structured cabling, CCTV, and an intercom system for the base's new housing unit. The station requested 19 Panasonic PTZ cameras throughout the facility. We tied into their existing Bogen PA system so you can hear base-wide announcements throughout the new facility. The new building needed many CAT6 cables and fiber lines to connect it to the rest of the station's infrastructure.

VETERANS ADMINISTRATION CLINIC

NEW PORT RICHEY, FL

BCI has finished the project for the new Veterans Administration outpatient health clinic, which is on track for a fall 2022 opening.

A 114,000-square-foot veterans' clinic will consolidate the Port Richey Satellite Outpatient Clinic, New Port Richey Eye Clinic, New Port Richey Home-Based Primary Care, New Port Richey Mental Health Center, and the New Port Richey Dental Clinic.

We installed the following Solutions:

- Intrusion
- CCTV
- Access Control
- Emergency Call Towers
- Nurse Call
- Paging

CREDENTIALS

PLANT CITY NATIONAL GUARD ARMORY

PLANT CITY, FL

Provided and installed complete access control system, fire alarm, and network cabling for the entire complex.

FLORIDA DEPARTMENT OF TRANSPORTATION (FDOT)

DISTRICT 5 OPERATIONS CENTER COCOA

Multiple buildings with the network for access control, CCTV, fire alarm, AV systems, intercom, and structured cabling and fiber. Includes site work with exterior pole cameras on fiber and copper, gate entry control, and all network infrastructure.

CAPE CANAVERAL NATIONAL CEMETERY

MIMS, FL

Multiple buildings with the network for access control, CCTV, intrusion, fire alarm, and structured cabling and fiber. Includes site work with exterior pole cameras on fiber remote to buildings and all network infrastructure, including T1.

ELAN AT SPANISH SPRINGS

THE VILLAGES, FL

Provided and installed card access system, CCTV, structured cabling, fire alarm, CATV, emergency call system, patient wandering, background music, and phone system.

CLEARWATER ICE ARENA

CLEARWATER, FL

Provided and installed security, fire alarm, structured cabling, and audio visual for their expansion.

SARASOTA COUNTY EMERGENCY OPERATIONS CENTER

SARASOTA, FL

Installed fully integrated CCTV / access control system and fire alarm system.

MACDILL AFB JOINT SPECIAL OPERATIONS UNIVERSITY (JSOU)

TAMPA, FL

Provided and installed a classified security system that included cameras, access control, mass notification, fire alarm, and top-secret computer network.

ST. PETERSBURG JUDICIAL

ST. PETERSBURG, FL

Provided and installed security, fire alarm, network cabling, nurse call, and audiovisual systems.

DIAMOND OAKS VILLAGE

BONITA SPRINGS, FL

Provided and installed access control systems, camera surveillance, communication system, emergency alert system, fire alarm, and multi-zone audio for the senior living center.

VILLAGES REHAB & NURSING CENTER

LADY LAKE, FL

Installed a fire alarm system, structured cabling, door security system, nurse call, and audio visual systems.

ADDITIONAL SOLUTIONS

AUDIO VISUAL

From conference rooms to sports complexes, we have the expertise to give you the premier commercial AV system you need to help communicate your point.

FIRE & LIFE SAFETY

Keep your alarm and life systems updated. Our in-house sales engineers will assist you in every step of the process for designing code-compliant solutions. Providing a wide range of solutions to protect your assets with mass notifications, distributed antenna networking, public safety systems, and several other life safety systems.

DATA & NETWORKING CABLING

Data management and communications are the backbones of your business. We use fiber optics and category cable to design and install your communication infrastructure to help boost business productivity and give you the power you need.

HEALTHCARE COMMUNICATION

We provide technicians certified by BICSI, ASIS, InfoComm, NICET, and Avixa. We can provide code-specific monitoring of your system or an extended warranty agreement to keep your systems running.

Request for Taxpayer Identification Number and Certification

Give Form to the
requester. Do not
send to the IRS.

► Go to www.irs.gov/FormW9 for instructions and the latest information.

Print or type. See Specific Instructions on page 3.	1 Name (as shown on your income tax return). Name is required on this line; do not leave this line blank. Midwest Alarm Company, Inc.	
	2 Business name/disregarded entity name, if different from above BCI Integrated Solutions, Pelican Electrical Group, inc., JN Electric of Tampa Bay, United Security Alliance	
	3 Check appropriate box for federal tax classification of the person whose name is entered on line 1. Check only one of the following seven boxes. <input type="checkbox"/> Individual/sole proprietor or single-member LLC <input checked="" type="checkbox"/> C Corporation <input type="checkbox"/> S Corporation <input type="checkbox"/> Partnership <input type="checkbox"/> Trust/estate <input type="checkbox"/> Limited liability company. Enter the tax classification (C=C corporation, S=S corporation, P=Partnership) ► Note: Check the appropriate box in the line above for the tax classification of the single-member owner. Do not check LLC if the LLC is classified as a single-member LLC that is disregarded from the owner unless the owner of the LLC is another LLC that is not disregarded from the owner for U.S. federal tax purposes. Otherwise, a single-member LLC that is disregarded from the owner should check the appropriate box for the tax classification of its owner. <input type="checkbox"/> Other (see instructions) ►	4 Exemptions (codes apply only to certain entities, not individuals; see instructions on page 3): Exempt payee code (if any) N/A Exemption from FATCA reporting code (if any) N/A <small>(Applies to accounts maintained outside the U.S.)</small>
	5 Address (number, street, and apt. or suite no.) See instructions. 9501 Princess Palm Avenue	Requester's name and address (optional)
	6 City, state, and ZIP code Tampa, FL 33619	
7 List account number(s) here (optional)		

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For individuals, this is generally your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the instructions for Part I, later. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN*, later.

Note: If the account is in more than one name, see the instructions for line 1. Also see *What Name and Number To Give the Requester* for guidelines on whose number to enter.

Social security number									
			-			-			
or									
Employer identification number									
4	6		-	0	3	0	7	8	9

Part II Certification

Under penalties of perjury, I certify that:

- The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
- I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
- I am a U.S. citizen or other U.S. person (defined below); and
- The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions for Part II, later.

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to www.irs.gov/FormW9.

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) which may be your social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number (ATIN), or employer identification number (EIN), to report on an information return the amount paid to you, or other amount reportable on an information return. Examples of information returns include, but are not limited to, the following.

- Form 1099-INT (interest earned or paid)

- Form 1099-DIV (dividends, including those from stocks or mutual funds)
 - Form 1099-MISC (various types of income, prizes, awards, or gross proceeds)
 - Form 1099-B (stock or mutual fund sales and certain other transactions by brokers)
 - Form 1099-S (proceeds from real estate transactions)
 - Form 1099-K (merchant card and third party network transactions)
 - Form 1098 (home mortgage interest), 1098-E (student loan interest), 1098-T (tuition)
 - Form 1099-C (canceled debt)
 - Form 1099-A (acquisition or abandonment of secured property)
- Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN.
- If you do not return Form W-9 to the requester with a TIN, you might be subject to backup withholding. See What is backup withholding, later.
