

## Charities at Clovelly 2020-21

At Clovelly House school and Enderby, we like raising money for charities in our own unique way and during the academic year 2020-2021 we raised money for charities of our choice.

### These chosen charities were:

- Macmillan – We had a coffee morning and raised £147
- LOROS – We raised £11.
- Brain tumour charity – We made hats, brought some in and wore these and we raised £80.
- Shelter - We wore Christmas jumpers and raised £33.
- NSPCC – We all dressed up in our childhood clothes and brought something in related to our childhood. The teachers came in dressed as students.
- Children in Need – We all came to school in our pj's and raised £200!
- Cancer research – We all participated in a run around the reservoir and Aida brought Nathan a Mary Poppins costume because it was his birthday and he ran wearing it, we raised £700.
- Mental Health - We wore yellow and raised and raised £18.
- Racism united – We wore red and watched videos and discussed how racism affects everyone we also raised £11.

Everyone enjoyed raising money and engaging in the activities. Altogether we raised £1,350!

Personally I thought it all was a very good feeling raising money for good causes and helping those in need overall it's a good experience.
