

The best thing I like about my ART teacher is that "he is straight forward and take no crap"

- Art lesson REVIEW by Chantelle and Elliott
- **ROOM:**
- The room is too cramped, too colourful and too bright.
- The table is cracked and old and the tablecloth is absolutely filthy
- The piano gets in the way and needs to move to a different classroom for Music.
- Why can't we clean the carpet or remove it.
- **The best thing I like about the ART room is " It's next door to the Unicorn room**
- **where I know its my safe place"**

- **LESSON:**
- The lessons are very boring because they are too long and we don't like the subject such as the researching of the artists and printing out artist's work.
- I like doing fun interesting Art games such as Pictionary, colouring, making sculpture, 3D shapes, crafts and creative writing.
- **The best thing about my ART lesson is "I learn something new every time"**

- **TEACHER:**
- The teacher is too bossy., he is nice but sometimes he can repeat the same subject over and over and it can get boring.
- His clothes are too formal for an Art teacher, I think he should wear more colours, more Art teacher clothes, a beret and be more Arty.
- He is a friendly teacher but annoying because sometimes when I am annoyed at him, I feel like that he wants us To be as good as him.
