

## Caribbean festival 2020

2020 will always be a year when fun was cancelled! However, at Clovelly we decided that it would be the year where fun was created within.

As we couldn't go to the Caribbean carnival and celebrate, we as a Clovelly multicultural family brought it to our school.

The preparations for the event were quite stressful for a Equality and diversity officer 'Nathan'. He gave jobs, jobs and more jobs to us and expected perfection!

On the day, the Caribbean theme was incorporated in our curriculum. During maths we counted Caribbean flags and looked at lines of symmetry within them, in English we wrote Caribbean poems, in sports we witnessed non-erasable terrible float dancing from the staff, during cooking the chicken was delicious but the rice and peas were perfectly burnt!

Memories were made on the 2<sup>nd</sup> September 2020 where the carnival came to Clovelly. CC year 11.
