Admissions Policy Statement

1. Introduction

Clovelly House School is in the grounds of Clovelly House, a children's home for up to four young people who are looked after fifty-two weeks of the year. The school is a two class-roomed eco-building offering full-time education to up to ten mixed gender pupils from 10-18, including up to six-day scholars.

2. Purpose

The purpose of this policy is to ensure that transparent and fair admission procedures are adhered to. In Clovelly House School the Principal and the Management Team are responsible for the admission of all pupils. All young people who are placed in Clovelly House will be admitted to Clovelly House School. Additionally, up to six-day scholars may be placed at Clovelly House School.

3. Statutory Guidance

Clovelly House School will comply with the Sex Discrimination Act of 1975, which states that admissions policies must not discriminate against applicants on the grounds of sex except where the school is a single sex school and that in a co-educational school admission figures may not be used to achieve a fixed proportion of boys or girls at the school, as this may breach the Sex Discrimination Act. In addition, according to The Race Relations Act 1976 it is unlawful for admission authorities to discriminate against applicants based on race, colour, nationality, or ethnic origin.

This policy should be read in conjunction with the Clovelly House Equality and Anti-discrimination Policies as well as the SEND and curriculum policies and should be reviewed annually.

4. Pupil Profile

The school is registered as an Independent Special School. The pupils who attend the school have primarily SEMH, (social, emotional, and mental health), needs. In addition to these, the pupils may also have mild to moderate learning difficulties, specific learning difficulties such as ASD, (Autistic Spectrum Disorders), Dyslexia, Dyscalculia, ADHD, (Attention Deficit Disorders), Mental Health Difficulties and/or other complex needs. Therefore, the pupils who are admitted to Clovelly House School will all have SEMH needs but may also have additional needs.

5. Roles and Responsibilities

Principal and Senior managers

The Principal and senior managers will ensure that:

- The admission arrangements are reviewed annually, and that all stakeholders are consulted about any prospective changes
- The arrangements for the admission of pupils to the school are published in The school prospectus and are made available to Local authority advisors, and parents/carers
- The school has an up-to-date admission register
- The school does not exceed the number and age range of the pupils as specified in the school's registration documents

Clovelly House School Policy

- The school is represented in the referral process of Clovelly House

Lead Teacher, other staff, and managers:

The Lead teacher will ensure that:

- Pupils are admitted in accordance with this policy
- A matching process takes place when considering individual young people are referred to Clovelly House School and pupils are only placed if it is appropriate to the needs of the whole school group as well as to their individual needs
- The Lead Teacher will ensure that documentation from the pupil's previous school placement is obtained as soon as possible
- The teaching staff embark on an assessment of need of the pupil on referral.
- All staff members are expected to follow this policy when advising prospective pupils, parents, social workers and referring bodies.

6. The Referral Process

Initial contact is made through the Lead teacher, Home Manager, and the Principal. Representatives of Local Authorities, the Education Services, Social Services, Justice or Health Authority may formally refer a young person to the School. Copies of all relevant documentation are requested at this point, including Statements of Education Needs, Education, Health Care Plans, and past education history. Local Authority advisors, Social Workers, Parents, and prospective pupils are welcomed to visit the school prior to any formal referral being made, during the referral process and subsequent placement. Additionally, the Principal, Home Manager and or Lead teacher may go out to visit professionals and the pupil at their previous placement. All visits are to be made by prior arrangement with the Lead Teacher. A meeting of all parties concerned with that prospective pupil takes place in order to agree a plan of action regarding the young person's education.

7. Planning for Transition

Prior to the pupil being admitted to the school, the teaching staff will be given all documentation relating to the young person, including the young persons risk assessment (if available).

It is the duty of the Lead teacher to liaise with the pupil's social worker and past/current school to establish links to find out information regarding the new admission. Emphasis is placed upon developing positive relationships between the pupil and staff allocated to support the transition to the new school.

8. The Enrolment Process

7.1 Pupils may enrol at any point during the school year and at any time in their school career. The school may decide to admit emergency placements, however, the normal process for enrolment will follow these steps:

- Children who attend Clovelly House School are usually admitted to the school.
- With regards to Day pupils, the Local Authority sends out referral paperwork to request the school to consider if the pupil may be suitable for the school
- The Principal considers the paperwork and either refuses to admit the child on the basis that the school will not meet his/her needs or makes an offer of placement to the LA or the young person's representative.
- The Local Authority informs the young person's parents/carers and invites them to contact the school to decide for a visit.

Clovelly House School Policy

- The parents/carers may wish to visit the school. This is done at a convenient time for both parties
- The parent/carer decides if they want to place their child at the school. In this case they inform the Local Authority. If the parent/carer decides not to request a place at the school, the referral does not proceed.
- The local authority informs the school that the pupil will be placed
- The young person is given a start date
- On admission, the young person may engage in an initial period of assessments (time to be decided).
- Following this the student will be allocated to a class group and will be given a timetable of classes to commence education.
- On admission to the school, all pupils will be recorded on the Admissions register. This information will remain confidential.

Pupils who cannot manage to behave acceptably at an education site may be offered an alternative education package with the approval of the Social Worker, parents, and all stakeholders. The pupil will, however, be registered at the school site and all efforts will be made to ensure that the pupil works towards reintegration and maintaining a full-time education placement on his/her allocated school site.
