### Return to on-site schooling for all pupils

Dear Parents,

I am sure that you will have heard the positive news announced on Monday about the gradual end to lockdown starting with a compulsory return to on-site schooling for all pupils from the week beginning 8th March.

Having spoken to several students learning via zoom and teachers offering these lessons about this, I know what welcome news this is for everyone. We are all looking forward to working together at Clovelly once again.

#### Arrangements

- We will begin to return to school during the week beginning **Monday 8th March**.
- Students will receive their attendance mark when they come in and are required to wear school uniform (face masks are optional) on these days.
- No one with Covid symptoms should come to school.
- All students will be returning to their normal lessons where curriculum-based teaching and learning will resume (**except if alternative arrangement has been agreed with our family liaison officer Hayley S-Hopewell or our Principal Jennifer Collighan**).

As a school, we are aware that for some of our pupils who have been shielding this will be a huge undertaking into retuning to fulltime lessons. Therefore, the lessons will be broken down to formal learning and practical therapeutical learning until the subject teacher feel that each child is ready to return to full academic learning.

Finally, may I say how much we are all looking forward to seeing our students and getting back to teaching in school.

Should you require any further assistance regarding the return back to school, please do not hesitate to contact out Principal Jennifer Collighan.

Yours sincerely

Dr Aida Lockton

**Lead Curriculum Coordinator and Teacher**
