Dear Parents and Guardians

Parent's consultation questionnaire

Welcome back to what is looking to be a fabulous new academic year full of academic and social activities.

I would like to thank you for completing the COVID-19 parent's consultation questionnaire which we as a school team have taken your comments and suggestions on board and have therefore implemented the following:

- Mentoring will be taking place twice a term where Academic and behaviour progress will be discussed with parents and children.
- Our family liaison officer Hayley or Deputy head Neil will be keeping you informed of any weekly behaviour or academic engagement within class and school by means of weekly reports.
- Clovelly will be offering parents, guardians and teachers wellbeing sessions three times a year where opportunities will be given for guest speakers, parent's views, opinions and suggestions.
- Recognition of 'Outstanding work and Work to be proud of' will be celebrated by means of good newsletters sent home.
- Non-compulsory homework will be sent home once every two weeks for our pupils in KS4.
- The school team will be offering a Book club, a MFL club, a Sports club, a games club and an Arts club during our school's lunch breaks.

I hope you will find our implementation of your suggestions acceptable and that you will keep this fantastic collaborative working.

Please feel free to contact either myself, our Deputy Head Neil or our Principal Jennifer should you have any concerns or further suggestions.

Yours Sincerely

Dr A Lockton

Curriculum Lead and Teacher
