

**Thirty-Seven Annual
John S. Lyons
Memorial
Banquet**

Thirty-seven years ago, Organized Labor decided to publicly recognize past and present labor leaders who have unselfishly contributed to their organizations, as well as the community in general. It was determined that we could use this occasion as both an evening to honor our outstanding members and to raise money for local charitable causes and scholarships. We have been able to accomplish this with the support of individuals and corporations such as yours.
