

Vancouver Volleyball Club
Parent of a Player Contract

As a parent, I understand that my athlete may not play in every match. I understand that my role as a parent is to encourage and support my athlete to be the best team player, she/he can be regardless of her/his role on the team.

1. I will always model good sportsmanship by the way I treat all athletes, coaches, officials, administrators and other fans.
2. I will be a supportive parent and be positive about my daughter/son's playing experience. I will also support her/his teammates, coaches, and parents inside and outside the gym. I understand that only positive comments about a player, coach, or a competitor should be posted on public websites including Facebook and Twitter.
3. I will insist that my student athlete always demonstrate good sportsmanship and treat other athletes, coaches, officials, administrators, and fans with respect.
4. I will always refrain from coaching my student athlete immediately before, during, and immediately after matches.
5. I acknowledge that not every player will receive equal playing time and that those decisions will be made by the coaches without input from parents. I agree to allow my player to discuss playing time with the coach if she/he seeks to do so on her/his own.
6. I will encourage my daughter/son to resolve any issues on her/his own before I get involved. I understand this is part of her/his growth process. When I need to communicate concerns to the coaches, I understand that I should not do this during practices, and immediately before or after games.
7. I understand there is a "no contact for 24 hours" rule following competitive play. This rule states there will be no contact with coaches following a game or tournament after the triggering event. Cooler heads are inevitably more productive. Any concerns the parent may have will be addressed AFTER the 24-hour period following the game or tournament. At No time will I attempt to discuss any issue with the coach around the players, spectators or other parents.
8. I will have a basic understanding of the rules of Club volleyball.
9. I will support my daughter/son in the team's fundraising efforts. I understand that this is her/his responsibility, and I will follow up with her/him to be sure she/he is doing her/his part.
10. I understand that during home games, the home team is responsible for providing a score keeper, score flipper, libero tracker and the line judges. I will become familiar with these responsibilities and volunteer to help in any capacity.
11. I will support Vancouver Volleyball Club by serving in various volunteer opportunities as much as possible and by making efforts to secure sponsorships that will support the needs of Vancouver Volleyball Club.

My Player on the team's name: _____ Age Group: _____ Gender _____

PARENT(1st) of a player _____ DATE _____

PARENT(2nd) of a player _____ DATE _____
