Buyer has had a chance to view an advanced copy of this guarantee online before deciding to purchase a puppy and Buyer agrees to the terms and guarantees simply by the act of accepting the puppy, even if Buyer does not sign contract.

SEP

California Sheepadoodles guarantees the puppy to be healthy at the time of delivery. This puppy is guaranteed to be free of transmittable disease, current on its DHPP vaccinations, to have passed a veterinarian's examination, and to have been dewormed.

L SEP

Buyer has 48 hours to take your new puppy to your preferred veterinarian for a checkup & fecal examination to verify the health of the puppy. This is necessary to ensure the puppy was not sick at the time of delivery. FAILURE TO HAVE AN EXAM PERFORMED WITHIN THE 48 HOUR PERIOD WILL RENDER THIS GUARANTEE NULL AND VOID. California Sheepadoodles is not responsible for veterinary bills or medication cost.

Buyer understands the puppy will need boosters of the initial vaccination. The puppy will not be fully vaccinated until all vaccines have been received. It is recommended the buyer not expose their new puppy to public places until the puppy series of vaccinations is complete.

Ear mites and ear infection 1 Every effort will be made to ensure that no ear mites or ear infection are present in the new puppy. Due to the life stages of the host, we cannot guarantee there will never be any present in the puppy.

Heart Murmurs should be diagnosed during the initial veterinary examination and reported to the breeder within 48 hours of arrival. Any heart murmur diagnosed after the initial examination must effect daily life and require medication to qualify.

Worms and parasites 1 Every effort will be made to ensure that no parasites or worms are present in your new puppy. Due to the life stages of the host, we cannot guarantee there will never be any present in the puppy. These hosts can include worms, coccidia, and giardia. These can be brought on due to the move, stress, change of diet, or not eating properly. These conditions are treatable and are not covered under this guarantee.

SEP!

Legg-Perthes is normally diagnosed around 10 months of age. If the dog is diagnosed with LeggPerthes and surgery is required a biopsy must be performed on the femoral head to determine for a fact that it is Legg-Perthes and not an injury.

SEP

Congenital Defects - If the puppy is diagnosed as having a serious congenital defect within one year of this puppy's date of birth by a licensed veterinarian, buyer may return the puppy for a replacement of similar value. California Sheepadoodles must receive a clearly written or typed note from buyer's veterinarian (on the veterinarian's letterhead stationary) detailing the nature of the defect indicating that is indeed a congenital defect (as opposed to an injury or developmental issue) and the cost of corrective surgery to be reviewed by seller's veterinarian. This information must be received within three business days of diagnosis to qualify for puppy return/exchange.

Euthanasia is NOT acceptable under any circumstance without written consent from California Sheepadoodles. Doing so will negate any obligation breeder may have to compensate buyer.

Death of a puppy - In the event of the death of a puppy, an autopsy must be performed by the state laboratory or University and the results sent to the breeder within 30 days. A full necropsy along with a full blood toxicology report will be required to determine if the breeder is responsible. A veterinarian autopsy is not acceptable.

Puppy Credit - When a puppy credit is issued, buyer has the option to claim his/her new puppy anytime with 12 months.

In all cases, breeder retains the right to a second opinion by a veterinarian of its choice. California Sheepadoodles must be provided with the name and phone number of the buyer's current veterinarian.

If a puppy is found to have a health problem at it's initial veterinary visit and the purchaser decides to treat the puppy prior to notifying seller, California Sheepadoodles will not be responsible for any expenses incurred or for the death of the puppy. No refunds or replacements will be made.

SEP.

The value of the pet for the purpose of this guarantee is solely the original purchase price and does not include any additional prices declared by the buyer such as the value as a show dog, veterinary bills, shipping costs, vaccinations applied, dog accessories, etc. [5]

No surgery can be performed without consulting the breeder. If this should occur, no compensation will be made. [5]

Although we do our best to provide you with an accurate estimate, seller cannot in any way guarantee size, personality, temperament, color, ear set, breeding ability, coat type, or show ability.

SEP

This guarantee is non-transferable. The guarantee does not cover neglect, abuse, lost or stolen pets.

Shipping Agreement - Delivery costs are not covered by any warranties and these fees are neither refundable nor negotiable. The buyer is 100% responsible for any transportation costs to and from the seller.

Breeding rights do not come with purchase. The buyer agrees to spay/neuter puppy by 12 months of age and a copy of receipt of procedure must be sent to California Sheepadoodles.

First Right of Refusal for Rehoming or Surrender - You are prohibited in rehoming this puppy without expressed written consent. Should your puppy not be a good fit, we have the first option to purchase this puppy back before rehoming said puppy is permitted or we may opt to assist by referral in the placement to a good home within the 2 year period of this guarantee minus the cost of testing to determine if there is a health risk to other dogs. The buyer is permanently prohibited in surrendering the dog to a pound or kill shelter for the life of the dog. If the situation becomes that desperate, the buyer will surrender the dog to the seller in order to give the dog a happy and fulfilling life and waives any related compensation.
