National Church Planters

Arrived for 3 months

The month of February was spent taking the national church planters throughout the Southeast and raising personal support for them. We were in 26 churches in South Carolina, Georgia, and Alabama! Thank you Pastors!

Michael Alamu of Nigeria

Piwissiwi Pitale of Togo, W Africa

The men will return to their homes the first week in May. Gideon will return in March. Please pray for these men to be able to raise personal support. Also remember their safety, families and churches. I will be taking the men to the northeast in April.

I ask that the information in my newsletters be not shared on your facebook or youtube account due to the threat and rise of persecution in these nations.
